## GENERAL INSTRUCTIONS

**WHO MUST APPORTION:** A business organization must apportion its income if:

- Its business activities are conducted both within and without New Hampshire, **AND**
- The business organization is subject to a net income tax, a franchise tax based upon net income or a capital stock tax whether or not actually imposed by the other state. See RSA 77-A:3.

**INCOME SUBJECT TO APPORTIONMENT:** The Business Profits Tax law, RSA 77-A, does not contain a provision differentiating between business and non-business income. All income constitutes business income subject to apportionment unless specifically excluded by RSA 77-A.

**EFFECTIVE DATE OF WEIGHTED SALES FACTOR:** The weighted Sales/Receipts Factor, as computed on line 1(c), is only applicable to taxable periods ending ON OR AFTER JULY 1, 1994. **If your taxable period ends before July 1, 1994, then do not use this form.** Please call (603) 271-2192 for the correct form.

**SPECIFIC QUESTIONS REGARDING APPORTIONMENT:** Questions regarding apportionment of income under the New Hampshire Business Profits Tax should be directed to: New Hampshire Department of Revenue Administration, Audit Division, PO Box 457, Concord, New Hampshire 03302-0457, (603) 271-3400.

For hearing or speech impaired individuals, call TDD Access: Relay NH 1-800-735-2964.

## LINE-BY-LINE INSTRUCTIONS

For each line 1, 2, and 3 show in (a) the dollar amount attributable to the water's edge combined group's "EVERYWHERE" (the denominator) and show in (b) the dollar amount attributable to "NEW HAMPSHIRE" (the numerator).

**LINE 1 — SALES/RECEIPTS FACTOR:** The sales/receipts factor includes:

- sales, less returns and allowances,
- interest, rents and royalties,
- dividends which are not eligible for the dividend deduction under RSA 77-A:4, IV or the factor relief provision of RSA 77-A:3, II(b),
- capital gain net income,
- net gains or losses, and
- other income unless the item is properly included as a reduction of an expense or allowance.

Business organizations included in a combined group must eliminate all intercompany transactions with other members of the unitary group for both the numerator and the denominator of the sales/receipts factor.

Enter Everywhere sales in 1(a). Enter NH sales in 1(b). Divide 1(b) by 1(a). Multiply the result by 2. Enter the product in 1(c).

**LINE 2 — PAYROLL FACTOR:** The payroll factor is the total compensation consisting of wages, salaries, commissions and other forms of remuneration paid during the tax period to employees for personal services. Employee benefits should not be included in the payroll factor.

Business organizations included in a combined group must eliminate all intercompany payments for the use of another group member's employees. Only the compensation actually paid to the employee shall be includible.

Enter Everywhere payroll in 2(a). Enter NH payroll in 2(b). Divide 2(b) by 2(a) and enter the result in 2(c).

**LINE 3 — PROPERTY FACTOR:** The property factor includes all real and tangible personal property owned, rented and employed by the business organization during the tax period in the regular course of its trade or business. Leasehold improvements are treated as property owned by the business organization. Other tangible assets should be listed separately under 3(a) and 3(b).

"Real and tangible personal property" includes land, buildings, improvements, equipment, merchandise or manufacturing inventories, leasehold improvements and other similar property that reflects the organization's business activities. Property shall be included in the property factor if it is actually used or is available for or capable of being used during the tax period in the regular course of the trade or business of the organization. Property or equipment under construction during the tax period, except inventoriable goods in process, shall be excluded from the factor until such property is actually used or available for use by the business organization in its regular trade or business.

**Valuation of Owned Property:** Property owned by the business organization must be valued at its original cost. "Original cost" is the basis of the property for federal income tax purposes at the time of acquisition, prior to any federal adjustments, and adjusted by subsequent sale, exchange, abandonment, etc. Inventory is included in the property factor in accordance with the valuation method used for federal income tax purposes.

**Valuation of Rented Property:** Property rented by a business organization is valued at **8 times** the net annual rate.

**Average Value of Owned Property:** The beginning and ending cost of owned property is used to determine the average cost for the property factor. Where fluctuations in values exist during the period or where property is acquired or disposed of during the period, a monthly average shall be used to prevent distortions. "Beginning of Period" means the start of the tax period or when the assets are available for use.

Business organizations included in a combined group shall determine the property includible in the property factor after having eliminated all intercompany activity. Intercompany profits included in inventory, realty, equipment and other similar items shall be eliminated from the valuation of property included in the factor.

Enter Everywhere property in 3(a). Enter NH property in 3(b). Divide 3(b) by 3(a) and enter the result in 3(c).

**LINE 4 —** Enter the total of lines 1(c), 2(c) and 3(c).

**LINE 5 — NEW HAMPSHIRE APPORTIONMENT:** Enter the result of line 4 divided by 4. Express as a decimal to six places. **If there are less than three factors with an "EVERYWHERE" denominator, then divide line 4 as follows:**

- Sales/Receipts and Payroll – divide by 3
- Sales/Receipts and Property – divide by 3
- Payroll and Property – divide by 2
- Sales/Receipts only – divide by 2
- Property OR Payroll only – divide by 1
