<b>PART I - FIGURE YOUR UNDERPAYMENT</b>																									
<b>LINE 3(a)</b>	For interest and dividends calendar year filers, fourth quarter estimates are due January 15th.																								
<b>LINE 3(c)</b>	Enter in Columns A through D the amount of Line 2 multiplied by Line 3(b).																								
<b>LINE 4</b>	Enter only the estimated amounts paid timely. Any amounts paid after the specified date [Line 3(a)] should be entered in the next quarter.																								
<b>LINE 5</b>	Enter any overpayment computed on Line 7 for the previous period. For example, Line 5 Column B will correspond to Line 7 column A.																								
<b>LINE 8</b>	If Line 8 shows an underpayment, and you do <b>not</b> meet an exception for that quarter, then you must compute the penalty. If there is no underpayment in Columns A through D, you need not complete the remainder of this form.																								
<b>PART II - EXCEPTIONS TO PENALTY</b>																									
<b>LINE 9</b>	For Interest and Dividends calendar year filers, fourth quarter estimates are due January 15th.																								
<b>LINE 11</b>	<b>Exception pursuant to RSA 21-J:32, IV(a) - Prior period's tax.</b> The prior year must have been a full twelve months and there must have been a tax liability. Multiply the annual <b>tax</b> paid in the previous year by the percentage shown in the boxes on Line 10, Columns A through D to calculate the exception amounts. If the amounts shown on Line 9, Columns A through D are greater than or equal to Line 11 corresponding columns A through D, you qualify for exception (a). Do not complete Part III for any column in which you qualify for exception (a).																								
<b>LINE 13</b>	<b>Exception pursuant to RSA 21-J:32, IV(b) - Prior year's tax base and facts using current period tax rate.</b> Multiply your prior year taxable base by the current tax rate to arrive at an adjusted tax. Multiply the adjusted tax by the percentage shown in the boxes on Line 12, Columns A through D to calculate the exception amounts. If the amounts shown on Line 9 Columns A through D are greater than or equal to Line 13 corresponding Columns A through D, you qualify for exception (b). Do not complete Part III for any column in which you qualify for exception (b).																								
<b>LINE 15</b>	<b>Exception pursuant to RSA 21-J:32, IV(c) - Annualized Income.</b> This exception may be applicable to taxpayers experiencing periodic fluctuations in income. This exception applies if the estimated tax paid was 90% or more of the amount the taxpayer would owe if its estimated tax was figured on an annualized basis for the months preceding an installment date.  A taxpayer may annualize its income as follows:  (a) For the first 3 months, if the installment was required to be paid in the 4th month.  (b) For the first 3 months or the first 5 months, if the installment was required to be paid in the 6th month.  (c) For the first 6 months or for the first 8 months, if the installment was required to be paid in the 9th month.  (d) For the first 9 months or for the first 11 months, if the installment was required to be paid in the 12th month.  To annualize, divide the taxable base for the period by the number of months in the period (3,5,6,8,9, or 11, as the case may be) then multiply the result by 12. Multiply the result by the current year's tax rate. Multiply the result of the preceding calculation by the percentage shown in the boxes on Line 14, Columns A through D to calculate the exception amount. Do not complete Part III for any column in which you qualify for exception pursuant to RSA 21-J:32, IV(c).  <b>If you qualify for the exception, pursuant to RSA 21-J:32, IV(c), you must attach a schedule to this form showing the annualized income computations.</b>																								
<b>PART III - COMPUTE THE PENALTY</b>																									
<b>LINES 19 &amp; 20</b>	Complete Lines 16 through 21 for each quarter for which there was an underpayment of estimated tax and no exception to the penalty was met.  For the number of days indicated on Line 18, determine the number of days at 8% and the number of days at 7% for each column. Include the amounts below in the calculation shown on Lines 19 and 20.  <b>NOTE:</b> The interest rate is recomputed each year under the provisions of RSA 21-J:28, II. Applicable rates are as follows (contact the department for applicable rates for any other years):
