2015
ANNUAL REPORT

MISSION

The mission of the Department of Revenue Administration is to fairly and efficiently administer the tax laws of the State of New Hampshire, collecting the proper amount of taxes due, incurring the least cost to the taxpayers, in a manner that merits the highest degree of public confidence in our integrity. Further, we will provide prompt and constructive assistance to the municipal units of government in matters of budget, finance, and the appraisal of real estate.

This report is submitted to Governor Margaret Wood Hassan and Members of the Executive Council:

Her Excellency,
Governor Margaret W. Hassan
And Honorable Council
Senate President Chuck Morse
Speaker Shawn Jasper

Dear Governor Hassan, Honorable Councilors, Speaker Jasper, and Senate President Morse,

It is my pleasure to present the Department of Revenue Administration's (DRA) 2015 annual report, as required by RSA 20:7, to you and the citizens of New Hampshire. This report is intended to provide readers with current insight into the activities of the operational units within the DRA, as well as data regarding the taxes we collect and the municipal finance and assessing laws that we administer.

State Fiscal Year (FY) 2015 was a dynamic year for the DRA. In addition to fulfilling our routine responsibilities of collecting state taxes and participating in the administration of local property taxes, we implemented three separate electronic filing initiatives that are intended to improve interactions with the DRA for both taxpayers and local governments. In early 2015, we began accepting Interest and Dividends Tax returns electronically through the Internal Revenue Service's Modernized e-File System, which allows taxpayers and their representatives to file certain federal and state returns in one electronic transmission that is sent to both the IRS and the DRA using tax preparation software. In addition, DRA staff, working with the UNH Technology Transfer Center, implemented a municipal e-file system that streamlines the flow of financial and property assessment data between municipal officials and the DRA, and has reengineered the local property tax rate-setting process at the DRA for increased efficiency and transparency. Lastly, buyers and sellers of real property, as well as their representatives, are now able to e-file real estate transfer tax returns when property transfers occur. We look forward to continuing to build on these accomplishments in the coming years, guided by our mission of fairly and efficiently administering the tax laws of New Hampshire, and providing prompt and constructive assistance to municipal units of government.

Thank you for taking the time to review this annual report. If you have any questions, or if you require any additional information, please do not hesitate to contact me directly.

Sincerely,

John T. Beardmore
Commissioner

II. ORGANIZATIONAL CHART

DIVISION PRIMARY FUNCTIONS

Administration Unit - Performs administrative functions necessary to support NHDRA operations including accounting, purchasing, administrative hearings, tax policy and legislative analysis, fleet and facility maintenance, human resources, legal services, and project management.

Audit Division - Conducts audits of tax returns of individuals, partnerships, estates, trusts, corporations, and documents filed with NHDRA to ensure compliance with New Hampshire tax laws and rules.

Central Tax Services Unit - Provides general assistance to the public for all taxes administered by NHDRA and maintains taxpayer accounts.

Collection Division - Initiates collection activities in pursuit of delinquent tax returns and outstanding payments for all taxes administered by NHDRA, issues wholesale tobacco licenses and meals and rentals licenses, and sells tobacco stamps.

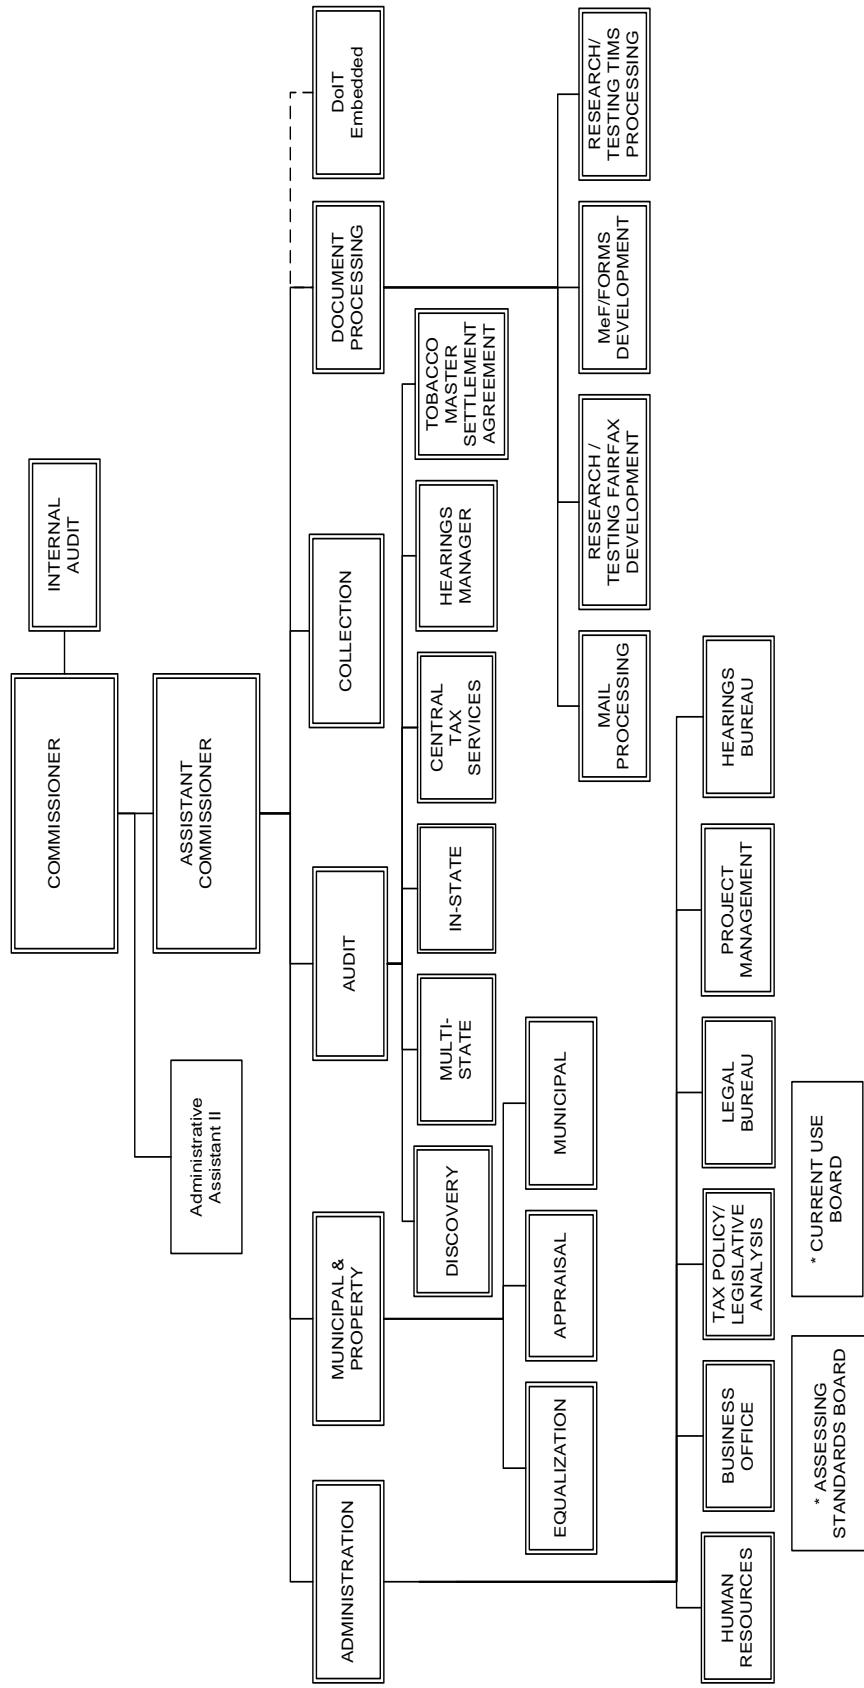

Document Processing Division - Receives, processes, and stores all tax documents, return payments and electronic transactions filed with NHDRA. Manages forms development for all forms filed with NHDRA.

Municipal and Property Division - Establishes and approves municipal, school, county and village district tax rates. Provides technical assistance, relative to taxation and finance, to the political subdivisions of the state; and prescribes a uniform chart of accounts for all municipalities, schools, counties and village districts. Assists and educates municipalities with the methods of appraisal and assessment of real property. Provides revaluation monitoring statewide to municipalities at no cost, and conducts once in five-year assessment review. Equalizes the local assessed valuation of each municipality to bring such valuations to the full and true market value of the property. Advises and assists municipalities and taxpayers in timely collection of the excavation tax. Advises and assists municipalities and taxpayers in full and true appraisals and timely collection of timber yield tax. Appraises public utility and railroad property for equalization, as well as local tax purposes. Assists local municipalities with the administration of the Current Use law (RSA 79-A).

Department of Information Technology (Embedded Personnel) - Designs, develops and maintains computerized systems to support the administration of taxes and to automate labor intensive functions.

III. TECHNOLOGY DEVELOPMENTS

The NHDRA, with the support of the Department of Information Technology (DoIT), uses technology to provide an efficient and streamlined end-to-end tax process which benefits the NH taxpayer by providing modernized operations and accurate information.

During FY 2015, NHDRA expanded the use of the automated Document Management and Electronic Remittance System to process the following forms: Inventory of Property Transfer (PA-34); Real Estate Transfer Tax Declaration of Consideration/Purchaser (CD-57-P); and Real Estate Transfer Tax Declaration of Consideration/Seller (CD-57-S). In order to expand on the current e-file capabilities, the Department also began accepting these forms electronically through an Adobe LiveCycle process.

Also during FY 2015, NHDRA provided taxpayers with the ability to file Interest and Dividends Tax returns and applicable schedules through the Internal Revenue Service's (IRS) Modernized Electronic Filing (MeF) system. The FY 2015 filing season proved successful with more than nineteen thousand returns accepted and processed without the need for manual intervention.

Finally, the Department expanded its e-file payment capabilities by introducing credit cards as an option through NHDRA's vendor-hosted solution. During FY 2016, NHDRA in conjunction with DoIT plans on continuing the modernization of the DRA Tax Information Management System. The Department will begin to accept Interest and Dividends Tax payments as well as Business Taxes through the IRS MeF program. A new feature will be added to the NHDRA internet site to allow credit card payments for some of the smaller taxes that the e-file system does not accommodate. NHDRA will be expanding the Real Estate Transfer Tax automated system to integrate the major software vendors SoftPro and eClosings.

IV. MUNICIPAL AND PROPERTY DIVISION DEVELOPMENTS

The mission of the Municipal and Property Division is to assure fairness, equity and proportionality in the assessment and collection of property taxes and the administration of municipal finances in the state by establishing tax rates, providing technical assistance and education to municipal officials, monitoring revaluations, reviewing assessment practices, equalizing local assessed valuation, appraising public utility and railroad property, and administering timber and gravel taxation.

The Division is comprised of two units:

Municipal

The Municipal Bureau establishes and approves municipal, school, county, state and village district tax rates. It provides technical assistance on taxation and finance to approximately 500 political subdivisions of the state and general supervision to municipal tax collectors. Other services include:

- Prescribing a uniform chart of accounts for all municipalities;
- Establishing a standard technical assistance manual for municipalities' use;
- Reviewing trustee reports of municipal trust funds in conjunction with the Department of Justice Charitable Trust Unit; and,
- Conducting workshops and seminars for municipal officials, including selectmen, budget committees, trustees of trust funds, tax collectors, and school officials.

Property

The Property Assessment Unit oversees the assessment review process and monitors revaluations and revaluation contracts. The Equalization Bureau determines the total equalized value of all taxable property in the state on an annual basis. This allows shared tax burdens, such as the state education tax and county property taxes, to be apportioned at a single standard, market value. The equalization process includes compiling assessment data, conducting ratio studies, and preparing statistical reports. Other responsibilities include:

- Valuing all utility and railroad properties in order to determine the correct assessment of RSA 82 Railroad Taxes and RSA 83-F Utility Property Taxes;
- Providing administrative support to the municipalities in their assessment and collection of the RSA 79 Timber Tax and the RSA 72-B Excavation Tax;
- Providing direct education on property assessments to municipal officials and assessors, as well as taxation and finance professionals; and,
- Providing support to the Assessing Standards Board and the Current Use Board, two administratively attached boards.

Municipal and Property Division FY 2015 Accomplishments

The Division made numerous efforts to improve its services to municipalities and municipal officials and to improve its transparency. Some of these efforts are completed, while others are ongoing. During FY 2015, the Division accomplished the following:

- Completed the review and re-adoption of administrative rules, including Rev 2200 Financial Accounting for Counties and Rev 1500 Railroad and Private Rail Car Company Taxation.
- Completed the adoption of Rev 3400 Taxation of Wood or Timber Cut.
- Completed all of the processing of the 2014 Low and Moderate Tax Relief program well in advance of statutory deadlines. Coordinated data entry with the Document Processing Division, including the deployment of new scan ready forms.
- Prepared and presented dozens of educational presentations for municipal officials, contractors, agents, employees, and county and school finance officials. This education also included several direct presentations to taxpayers that included basic revaluation and tax rate calculations, as well as a presentation on the valuation of wind-powered electrical generation facilities.

- Developed the ability to present courses prepared by the International Association of Assessing Officials, which provides greater educational opportunity for professional assessors.
- Through a contract with the UNH Technology Transfer Center, completed and deployed the new municipal finance e-file and data management system. The Division provided training to hundreds of municipal officials both on-line and in-person events.
- Participated in a LEAN event on the Utility Property Tax processing to improve efficiency.
- Provided support to the Tax Policy and Legislative Analysis Group in the tracking, analysis and testimony of legislative proposals that involved NHDRA, local tax assessment, local tax collection, and municipal and county finance.
- Deployed the e-file portal for the filing of Real Estate Transfer Tax documents.

The following are brief descriptions of the efforts that have not been completed by the end of the fiscal year, but are ongoing:

- Preparing for the presentation of more advanced property tax assessment classes.
- Training and refining the functionality of the municipal finance e-file and data management system.
- Developing and deploying of a stronger process to increase our review and follow-up on the results of local audits.

As required by RSA 21-J:11-b, II & III, the following table reports the number of training opportunities made available to municipal officials.

The number of individuals trained has increased significantly over the prior year. The average trained hours/individual is down to 5.75, from just under 14 in 2014. The number of classes given in 2015 increased from 14 to 19. This may indicate a stronger interest in shorter duration training sessions.

Partnering with our municipal e-file and data management system vendor, UNH Technology Transfer Center, provided user training to 532 individual users at 12 in-person and 20 web-based sessions. These included training on topics such as drafting warrant articles, drafting budgets, and reporting appropriations as voted.

V. VOLUNTARY COMPLIANCE – DOCUMENT PROCESSING & CENTRAL TAX SERVICES

DOCUMENT PROCESSING

The mission of the Document Processing Division is to process taxpayer documents in an accurate, efficient, and timely manner. The Division is committed to continuous improvement, strong customer service, and maintaining a positive team environment.

In 2012, a document management system was implemented to allow employees to scan, validate and process tax forms in high volumes efficiently. During FY 2015, the Document Processing Division, with the assistance of all Divisions and Units of the department, completed document processing during the March and April rush periods in record fashion, with all tax documents scanned and validated by mid-May.

Document Processing Statistics:

	FY 2013	FY 2014	FY 2015
Number of Documents Scanned	280,021	287,303	344,890
Number of Documents Processed Manually	50,744	48,721	28,885
Number of Documents Processed Electronically	85,579	87,606	111,422
Total	416,344	423,630	485,197

CENTRAL TAX SERVICES

The Central Tax Services Unit of the Audit Division (CTS) is dedicated to courteously, knowledgeably, and effectively handling taxpayer inquiries and account maintenance. CTS has a staff of 25 customer service-oriented individuals, trained to answer general taxpayer inquiries about the application of tax law and the status of individual taxpayer accounts.

During FY 2015, the Unit took advantage of many educational opportunities offered by the Bureau of Education, such as Customer Service Skills, Dealing with Strong Emotions, and Let's Talk I. The Unit Manager graduated from the Lean Black Belt Program and has facilitated many Lean initiatives at DRA and other state agencies. The supervisor of the Miscellaneous Tax Group graduated from the Certified Public Supervisor Program.

Also during FY 2015, CTS performed maintenance on over 43,000 taxpayer accounts: 14,353 maintenance adjustments were made for refund requests, 780 resulted from returned checks, 23,000 were made for outstanding tax liabilities, and 1,100 resulted from resolution requests initiated by taxpayers. CTS issued 1,120 notices of good standing, withdrawal or dissolution at the request of taxpayers. CTS also reviewed and streamlined processes for the Utility Property Tax, Electricity Consumption Tax, Railroad Property Tax and Private Car Tax, saving taxpayers and the state time and money.

The Call Center assisted 28,000 taxpayers and tax practitioners with a variety of tax questions from substantive technical issues to filing deadlines.

VI. ENFORCEMENT COMPLIANCE – AUDITS & COLLECTIONS

AUDIT ACTIVITY

The mission of the Audit Division is to promote taxpayer compliance with New Hampshire's tax laws through fair, impartial, and efficient selection and review of taxpayers' returns; taxpayer education; and discovery of non-filers. The Audit Division is committed to team work, professional development, and high professional standards for auditors.

The Division has two separate functions: an audit/compliance function and a taxpayer assistance function. These functions are under the common management of a Director and Assistant Director, but are separate operationally.

There are 29 members of the audit staff, 27 of whom are auditors, who conduct both desk audits and field audits. The type of audit depends on the nature and scope of the audit and the proficiency of the auditor.

In FY 2015, the auditors reviewed the returns of 1,073 taxpayers. Of that number, 628 taxpayers' returns were audited resulting in assessments totaling \$19,599,383 in tax, penalties, and interest; and 445 taxpayers' returns were reviewed, but not pursued, because there were no apparent audit issues.

The Discovery Unit researches federal and state filings to discover non-filers who may have a duty to file and pay New Hampshire business taxes or interest and dividends taxes. As a result of the Unit's efforts, 2,504 new returns were filed in FY 2015 resulting in an additional \$1,865,633 in tax, penalties, and interest..

The Tobacco Unit, which was created in the last fiscal year, began four audits in FY 2015. The Unit also completed 81 tobacco compliance checks resulting in 17 seizures of contraband tobacco product. Twelve training sessions for tobacco wholesalers and retailers were held at various locations around the state.

Staff members took advantage of many training opportunities including, the Multi-State Tax Commission's Corporate Tax training, Intermediate Core Tax Issues in Partnerships and LLCs, and the New England State and Local Tax program.

COLLECTION ACTIVITY

The mission of the Collections Division is to ensure taxpayer compliance with the tax laws of New Hampshire by fairly and effectively recovering overdue taxes through the uniform application of state laws, rules and policies.

The Collections Division is established by RSA 21-J:8 with two defined tasks in statute:

- a) Collecting all outstanding taxes owed to the state which are within the department's jurisdiction.
- b) Securing all delinquent returns required to be filed with the state by any taxpayer.

The Division carries out these tasks by: (1) collecting delinquent notices of assessments resulting from tax returns, (2) following up on Meals and Rentals tax returns not filed by the 15th of the month as mandated by RSA-78-A, (3) selling tobacco stamps to be affixed to packages of cigarettes, and (4) licensing and educating Meals and Rentals operators. The Division budget authorized 10 full time positions, 1 unclassified and 9 classified, including 2 unfilled (actively recruiting) classified positions on June 30, 2015. The Division began the year with a delinquent tax inventory of \$22.5 million and ended the year with a delinquent tax inventory of \$24.6 million, an 11% increase. During FY 2015, business and

miscellaneous tax notice referrals to the Division increased by \$7.6 million to \$17.1 million, (80%) due to a reduction in tax return processing time.

The Division's goals for FY 2015 included: (1) implement a new training program for compliance staff incorporating new methodologies and business intelligence at the desktop; (2) reduce unfiled Meals and Rentals return rates; (3) improve collection agency results (an agency was replaced); (4) increase participation at Meals and Rentals operator seminars; (5) use Adobe Livecycle tools to automate follow-up of delinquent tax notices; (6) produce a Balanced Scorecard for the division; and (7) implement credit card payments into the collection process. Six of the seven goals were completed. The Adobe initiative has not yet begun. Other work process improvements were undertaken to improve collection results.

Statistics for FY 2015

Other Taxes Delinquent Payments Collected (\$5,456,200)	3951

VII. LEGAL DEVELOPMENTS

Legal Bureau

The Legal Bureau provides legal advice and representation to the Department, including rendering advice and legal opinions to Department personnel; managing bankruptcy cases; drafting and coordinating the adoption of administrative rules; handling Right-to-Know Law requests; representing the Department before the Board of Tax and Land Appeals and the Department's Hearings Bureau, and providing assistance and advice in connection with audits and other stages of the enforcement and administration of tax laws. In addition, the Legal Bureau coordinates and assists with the Department of Justice's representation of the Department and acts as co-counsel in certain cases.

During FY 2015, the Legal Bureau defended civil cases filed in administrative appeal tribunals and state courts, concerning appeals of tax assessments and challenges to state taxing statutes, managed bankruptcy cases in which the Department is a creditor, and managed the administrative rules process, in addition to providing advice and legal opinions. Often, the cases managed by the Legal Bureau have a substantial potential fiscal impact or significant precedential value. Below is a description of the decisions issued during FY 2015, as well as a few noteworthy cases pending during FY 2015.

1. Decisions Issued During FY 2015

There were no reported decisions on litigated matters involving the Office of Revenue Counsel issued during FY 2015.

2. Noteworthy Cases Pending During FY 2015

MEDICAID ENHANCEMENT TAX: Catholic Medical Center, Exeter Hospital and St. Joseph Hospital v. New Hampshire Department of Revenue Administration, Hillsborough North Superior Court Docket Nos. 216-2011-CV-955; 226-2011-CV-00850; and 218-2011-CV-01394. The Petitioners filed this action seeking a refund of their Medicaid Enhancement Tax ("MET") payments on the basis that the MET statute (RSA Chapter 84-A) violates the federal and state constitutions. The parties filed cross motions for summary judgment and the Court ruled in favor of the Petitioners. The Court stayed the case pending settlement negotiations. The disputes were subsequently resolved as to all but one Petitioner. In response to litigation challenging the constitutionality of the MET, the New Hampshire legislature amended the MET statute, effective July 1, 2014. Following the statutory amendments, DRA filed a Motion to Dismiss arguing that issues in the pending case are now moot and further filed a Request for Reconsideration of the Court's April 8, 2014 order. As of the end of FY 2015, the Court had not issued an order on DRA's pending motions.

MEALS AND RENTALS TAX: State of New Hampshire v. Priceline.com, Inc., Expedia, Inc., Orbitz, LLC and Travelocity.com, LLP et al. Merrimack County Superior Court, No. 217-2013-CV-00613. In 2013, the State of New Hampshire filed suit against 11 online travel companies ("OTCs") which include direct and indirect subsidiaries of Priceline.com, Inc., Expedia, Inc., Orbitz, LLC, and Travelocity.com, LLP. The State alleges that the OTCs are operating their businesses in such a way as to avoid paying tax due as required by the Meals and Rentals Tax (MRT) Law, RSA Chapter 78-A, and are, in fact, collecting funds from consumers for payment of the MRT. The State alleges that the OTCs sold or provided hotel rooms and motor vehicles to the public but failed to pay the MRT as required under RSA 78-A. The State further alleges that the OTCs are engaging in unfair and deceptive trade practices prohibited by the Consumer Protection Act, RSA Chapter 358-A. On June 30, 2014, the Court denied a Motion to Dismiss filed by the OTCs as to the State's claims for declaratory judgment, injunctive relief, violations of New Hampshire's MRT and violation of New Hampshire's Consumer Protection Act. Discovery in the case remains ongoing. It is anticipated that, following the completion of discovery, the parties will file cross-motions for summary judgment before the end of calendar year 2015.

Hearings Bureau

Summary of Adjudicative Proceedings

During FY 2015, the Hearings Bureau continued to increase efficiency to provide better service to the taxpayer given its available resources. The Bureau has continued to review administrative tasks and work flow to ensure that its processes are as lean and efficient as possible to maximize productivity.

In FY 2015, the overall time required to produce a Final Order after the close of the record decreased to an average of 16.71 days; as compared to 27.38 days in FY 2014. With respect to taxpayer petitions, the time to produce a Final Order after the close of the record averaged 22.96 days, and the Bureau met its goal of issuing an order within 60 days 87.50% of the time. With respect to cases involving license denials, suspensions and revocations, bonds, and tobacco seizures, the time to produce a Final Order after the close of the record averaged 12.02 days, and the Bureau met its goal of issuing an order within 14 days 75.56% of the time. In cases in which an order was not issued within the timeframe set as a goal, the cause of the delays generally include, but are not limited to, the following: that the order involved complex legal issues which needed additional time to research and write orders, that the Hearing Bureau's full hearing schedule reduced the time available to research and write orders, and/or delays resulting from the unavailability of necessary personnel.

During FY 2015, the Hearings Bureau has continued to make progress in more fully implementing the use of technology in order to increase efficiency. We continued to convert paper records of the Hearings Bureau's Final Orders from 1985 to the present to electronic files.

The Hearings Bureau's goal for FY 2015 is to continue to maintain an appeal process which provides a fair and efficient system that ensures the highest degree of confidence in the integrity of this system, and timely performance. This includes continuing to streamline administrative processes in order to allow us to meet our goals of issuing Final Orders on taxpayer petitions within 60 days after the close of the record in each case, and of issuing Final Orders on license denials, suspensions and revocations, bonds, and tobacco seizures, within 14 days after the close of the record in each case.

The following statistics summarize the activity of the Hearings Bureau during the past fiscal year as compared to the prior fiscal year:

	FY 2014	FY 2015	% Change
Appeals Filed	115	129	12.17%
Cases closed	88	163	85.23%
Cases on appeal to Superior Court, BTLA, or Supreme Court	5	2	(60.00%)

Tobacco Tax	2	19	850.00%
Total Orders Issued	31	77	148.39%

¹ Please note that mathematically there cannot be a percentage of increase from the number zero.

VIII. SUMMARY OF TAXES ADMINISTERED BY THE DEPARTMENT OF REVENUE (FY 2015)

This is only a brief summary of certain New Hampshire taxes administered by the Department of Revenue Administration. This summary is not intended to be relied upon as a full and complete text. Please refer to the applicable forms, instructions, rules and to the laws cited below to determine how this information applies to specific persons or situations.

BUSINESS PROFITS TAX - RSA CHAPTER 77-A

The Business Profits Tax (BPT) has historically been one of the largest sources of general fund revenue. Enacted in 1970 as a replacement for the municipal property tax on stock-in-trade, farm livestock, poultry, fuel pumps, mills and machinery, the initial rate was established at 6%. The rate steadily increased to a high of 9.56% in FY 1983. The rate then decreased to 7% beginning FY 1995, then increased to 8% for tax years ending on or after July 1, 1999. The current rate of 8.5% was effective for all returns and taxes due on account of taxable periods ending on or after July 1, 2001. This tax is assessed on income from conducting business activity within the state. For multi-state businesses, income is apportioned using a weighted sales factor of two and the standard payroll and property factors. Organizations operating a unitary business must use combined reporting in filing their NH return. Four annual estimate payments are required on liabilities greater than \$200, paid at 25% each. Proprietorship, partnership and fiduciary returns are due on April 15th or the 15th day of the 4th month following the end of the taxable year. Corporate returns are due on March 15th or the 15th day of the 3rd month following the end of the taxable year. Business organizations with \$50,000 or less of gross business income from all their activities are not required to file a return. Business organizations, however, that realize a gain or loss on the sale or exchange of an interest in the business organization shall file a return for the taxable period, regardless of whether or not the business organization's gross business income is in excess of \$50,000 during the taxable period.

BUSINESS ENTERPRISE TAX - RSA CHAPTER 77-E

In 1993, a 0.25% tax was enacted on taxable enterprise value tax base, which is the sum of all compensation paid or accrued, interest paid or accrued, and dividends paid by the business enterprise after special adjustments and apportionment. Chapter 17, Laws of 1999 increased the rate from 0.25% to 0.5%. The rate was increased to 0.75% in 2001. Also in 2001, the filing threshold increased to \$150,000 (from \$100,000) of gross business receipts or \$75,000 (from \$50,000) of the enterprise value tax base. In 2013, the filing thresholds increased to \$200,000 (from \$150,000) of gross business receipts or \$100,000 (from \$75,000) of the enterprise value tax base. Four annual estimate payments are required on liabilities greater than \$200 for taxable periods ending before December 31, 2013 and \$260 for taxable periods ending on or after December 31, 2013; paid at 25% each on the 15th day of the 4th, 6th, 9th and 12th months of the taxable year. The Business Enterprise Tax return is due at the same time the Business Profits Tax return is due. The Business Enterprise Tax may be used as a credit against the Business Profits Tax under RSA 77-A:5. Any unused portion of the credit may be carried forward and allowed against the Business Profits Tax for five taxable periods from the taxable period in which the Business Enterprise Tax was paid for credits from taxable periods ending before December 31, 2014 and for ten taxable periods from the taxable period in which the Business Enterprise Tax was paid for credits from taxable periods ending on or after December 31, 2014.

COMMUNICATIONS SERVICES TAX - RSA CHAPTER 82-A

First enacted in 1990 at 5.5%, this tax is assessed upon two-way communications services. Chapter 158, Laws of 2001, increased the permanent portion of the tax to 4.5% and continued the surtax of 2.5%, resulting in an overall tax rate of 7% for the period beginning July 1, 2001 and ending June 30, 2003. A permanent rate of 7% was passed effective July 1, 2003. Retailers must register with the Department and are required to collect and remit the tax. Communications Services Tax returns must be filed by the provider on the 15th day of the month for the preceding calendar month unless the average monthly liability is less than \$100. Any provider/retailer who can reasonably estimate its average monthly liability to be in excess of \$10,000 is required to make an estimated payment equal to 90% of the actual tax collected. This payment is due on or before the 15th day of the month during which the liability is incurred.

EDUCATION TAX - RSA 76:3

Under Chapter 17, Laws of 1999, the Education Property Tax was established. The tax is assessed and collected by municipalities to be retained for use by their local school districts. The rate was originally \$6.60 per thousand of equalized valuation without utilities. The tax appears on the same bill with the other property taxes administered at the local level. The effective date of this tax was April 1, 1999. Chapter 158, Laws of 2001 reduced the rate from \$6.60 per \$1,000 of value to \$4.92 per \$1,000 of value beginning with the April 1, 2003 tax year (school year 7/1/03-6/30/04). The sunset provision of the Education Property Tax was repealed, making the tax a permanent revenue source dedicated to funding education. As of April 1, 2005, the rate was \$3.33 per \$1,000. Beginning in July of 2005, and every fiscal year thereafter, the Commissioner is required to set the tax rate at a level sufficient to generate revenue of \$363,000,000.

ELECTRICITY CONSUMPTION TAX - RSA CHAPTER 83-E

Effective May 1, 2001, the Electricity Consumption Tax is imposed at a rate of \$0.00055 per kilowatt hour on persons, including government units, distributing, redistributing or transmitting electrical energy for consumption in this state. The tax is paid by the consumer, collected and submitted by distribution companies, except in the case of consumers who generate their own power. These self-generating companies or individuals must submit tax returns on their own behalf. Returns must be filed on the 15th day of the second month following the month in which the electrical energy was provided to a consumer and for which tax is due.

INTEREST & DIVIDENDS TAX - RSA CHAPTER 77

The Interest & Dividends (I&D) Tax, which was first enacted in 1923, applied a tax based on the "average rate of property taxation" upon the income and dividend income received by New Hampshire residents from sources other than New Hampshire and Vermont banks. The tax was changed significantly in FY 1995 to eliminate the exemption on income from New Hampshire and Vermont banks. In conjunction with this change, the personal exemption was increased from \$1,200 to \$2,400. The exemption for joint filers increased from \$2,400 to \$4,800. Estimated I&D Tax payments are due April 15th, June 15th, September 15th and January 15th on tax liabilities greater than \$500. The I&D Tax return is due on April 15th. Additional exemptions are available for residents who are 65 years of age, who are blind, or who are handicapped and unable to work, provided they have not reached their 65th birthday. The current tax rate of 5% has remained the same since FY 1977. For taxable periods ending on or after December 31, 2013 trusts are no longer taxable under the I&D Tax. Instead, interest and dividend income received by the grantors or beneficiaries of trusts, to the extent that they are inhabitants or residents of New Hampshire, is subject to taxation.

LOCAL PROPERTY TAX - RSA CHAPTERS 72-B, 76, 79, and 79-A

Property taxes, based upon local assessed valuations, are administered and collected by the individual cities and towns. The majority of property taxes collected are based on the market value of the property at its highest and best use. Some property taxes, however, are based on the market value of a property's actual use, such as:

- Current Use assessments under RSA Chapter 79-A are available for certain Farm Land, Forest Land, and Unproductive Land. The program is for the properties dedicated to remain as open space. A Land Use Change tax of 10% of the market value of the property is charged upon the occurrence of a disqualifying event (usually a development, use or sale of a portion of a property). Typically, ten acres or more of dedicated land is required. Application to local officials on or before April 15th is required.
- Taxes on the value of standing timber are assessed under RSA Chapter 79. These are assessed by local officials, at a rate of 10% of the value of the standing timber. The annual filing of an intent to cut and the subsequent report of timber cut are required.
- Taxes on the value of gravel and excavated materials are assessed under RSA Chapter 72-B. These are assessed at a rate of \$.02 per cubic yard of earth excavated.

Local Property tax exemptions, credits and deferrals:

Elderly Exemption: Effective July 23, 1996, RSA 72:39-a replaced the Standard, Expanded, Adjusted and Optional Adjusted Elderly Exemptions. The statute sets the minimum exemptions, and the cities and towns may modify them. The statutory exemption levels for all municipalities are adopted by each individual municipality.

Blind Exemption - RSA 72:37

The exemption for the legally blind must be adopted by the municipality. The exemption is a minimum \$15,000 reduction of the assessed value of the residential real estate (RSA 72:29) and could be higher if amended through referendum vote.

Deferral for the Elderly or Disabled - RSA 72:38-a

The assessing officials "... may annually grant a person qualified under this paragraph a tax deferral..." Property taxes are deferred and accrue interest at the rate of 5% per annum. The deferred property tax may not exceed more than 85% of the equity value of the residence. If granted by the assessing officials, the deferral is available to any resident property owner who is 65 years or older, or eligible for benefits for the totally and permanently disabled under the federal social security act, has owned the home for at least five years, and is currently residing there.

Veterans Tax Credit - RSA 72:28

Qualifying residents shall receive the following amounts deducted from their tax bills:

- \$50:Basic credit available to all veterans.
- \$700:For the surviving spouse of a veteran, pursuant to RSA 72:29-a, and veterans having a total and permanent service-connected disability pursuant to RSA 72:35

Towns may adopt a local option to increase the above dollar amounts to \$100 and \$1,400.

Disability Exemption – A resident who qualifies under RSA 72:36-a as totally and permanently disabled from service connection, and is paraplegic or having double amputation from military service connected disability or blind (5/200 vision or less) as a result of service connection, and owning a specially adapted home acquired with V.A. assistance is exempt from all taxation on that home.

Tax Exemption for Improvements to Assist Persons with Disabilities - RSA 72:37-a

This exemption is limited to a physically handicapped person who resides at the residential real estate, and is applicable only upon the value of any special aids required by the resident to enable them to propel themselves.

Tax Exemption for Wind-Powered, Solar and Wood Heating Energy System - RSAs 72:66, 72:62, 72:70

These exemptions are optional to the cities and towns, and must be voted upon locally. Contact the assessing officials of the municipality for further information.

Tax Exemption for the Disabled - RSA 72:37-b

Available to persons eligible under the Social Security Act for benefits to the Totally & Permanently Disabled. Applicable only on the applicant's principal place of abode. The exemption is optional and must be voted on by the municipality, which also determines the amount of the exemption and the income/asset limitations.

MEALS & RENTALS TAX - RSA CHAPTER 78-A

The Meals and Rentals (M&R) Tax was enacted in 1967 at a rate of 5%. The tax is assessed upon patrons of hotels and restaurants, on certain rentals, and upon meals costing \$.36 or more. Chapter 144, Laws of 2009, increased the rate from 8% to the current rate of 9%. An M&R Tax Operators License is required. The M&R Tax is required to be remitted to the State on the 15th day of the month following the collection of tax. The M&R Tax return is also required to be filed with the State on the 15th day of the month following the collection of tax. An M&R Operator is required to maintain books and records showing the amount of tax collected and to remit the tax monthly to the State, less a 3% commission.

MEDICAID ENHANCEMENT TAX – RSA CHAPTER 84-A

The Medicaid Enhancement Tax (MET) was enacted in 1991 at a rate of 8% of gross patient services revenue of every hospital. In 1993, the rate was changed to be established by legislation each biennium upon the gross patient services revenue of every hospital for the hospital's fiscal year ending during the first full calendar year preceding the taxable period. If the Legislature failed to set the rate of tax on or before April 1, preceding the first fiscal year of the biennium, the tax rate was to be zero for that biennium. In no event was the rate of the tax be greater than 6 percent for any biennium. In 1998, the law was amended to require the Legislature to set the tax rate on or before May 1. In 2003, the tax rate was changed to 6% of gross patient services revenue. In 2004, the 6% tax on gross patient services revenue was changed to a 6% tax upon the "net" patient services revenue of every hospital. In 2007, the tax rate was reduced to 5.5% of net patient services revenue. For taxable periods ending June 30, 2014 and prior, hospitals are required to pay 100% of the tax due for the taxable period no later than the 15th day of the fourth month of the taxable period and are required to file a tax return with the Department on or before the 10th day of the month following the expiration of the taxable period. For taxable periods ending June 30, 2015 and after, special hospitals for rehabilitation are no longer included in the definition of "hospital" and hospitals are required to file a return and pay the MET on or before the 15th day of April in the taxable period. In addition, every hospital shall on or before January 15th in the taxable period make a nonbinding estimate of its projected tax payment. The tax rate decreases to 5.45% for the taxable period ending June 30, 2016, to 5.4% for the taxable period ending June 30, 2017 and will remain at 5.4% for the taxable period ending June 30, 2018 and every taxable period thereafter unless the total aggregate uncompensated care for hospitals with both a critical and a noncritical access hospital definition falls below \$375 million, at which point the tax rate shall be 5.25%.

REAL ESTATE TRANSFER TAX - RSA CHAPTER 78-B

The Real Estate Transfer Tax (RETT) was first enacted in 1967. Chapter 17, Laws of 1999, increased the permanent tax rate assessed on the sale, granting, and transfer of real estate and any interest in real estate to \$.75 per \$100, or fractional part thereof, of the price or consideration. This rate is assessed on both the buyer and seller for a combined tax rate of \$1.50 per \$100. Where the price or consideration is \$4,000 or less, there is a minimum tax of \$20 assessed on both the buyer and seller. Chapter 158, Laws of 2001, removed the exception from the tax on transfer of real property for transfers of title pursuant to a merger, consolidation or other reorganization qualifying as a tax-free reorganization. It also removed the exception of the transfer of title from one business entity to another, the ownership interest of which may be the same. These changes were effective for transfers occurring on or after July 1, 2001. The tax is paid at the Registry of Deeds office in the county where the property is located. A Declaration of Consideration must be filed with the Department by both the purchaser and seller no later than 30 days from the recording of the deed at the Registry of Deeds or transfer of real estate, whichever is later.

RAILROAD TAX - RSA CHAPTER 82

Every railroad, railway, express, and every parlor, sleeping or dining car company, or other company not a railroad company owning any cars operated for profit on any railroad in the State of New Hampshire shall pay an annual Railroad Tax as of April 1 of each year. The Railroad Tax is on the market value of the property's full and true value as defined in RSA 75:1. The tax is imposed at the average rate of taxation at that time upon other property throughout the State. Railroad "property" applies to both railroad companies (an enterprise, corporation, partnership, etc.) and private rail cars operated for profit on any railroad in the State of New Hampshire.

TOBACCO TAX - RSA CHAPTER 78

The Tobacco Tax is a direct tax upon the consumer at retail; but it is pre-collected and paid by the wholesaler for the purpose of convenience and facility. It is presumed the Tobacco Tax has been pre-collected and paid by the wholesaler by the affixing of a Tobacco Tax Stamp on the tobacco product. Consumers who purchase unstamped tobacco products will be taxed directly for the Tobacco Tax on such product. The Tobacco Tax was first enacted in 1939. Originally the tax was based upon the value at the usual selling price of all tobacco products. In 1975, the tax was changed to a flat rate of \$0.12 per package of 20 cigarettes. At that time, there was no tax on other tobacco products. Over the next 34 years the tax was increased from \$0.12 to \$1.78 per package. In 2011, the Tobacco Tax rate was decreased from \$1.78 to \$1.68 for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes. As of August 1, 2013 the Tobacco Tax rate increased from \$1.68 to \$1.78 for each package containing 20 cigarettes, per Chapter 224:379 through 381, Laws of 2011. In 1991, the Legislature enacted a tax on tobacco products other than cigarettes (OTP Tax) at the rate "proportional to the cigarette tax, having such ratio to the usual wholesale price of the tobacco product other than cigarettes as the cigarette tax bears to the usual wholesale price of the cigarettes." In 2003, the OTP Tax was changed to 19% of the wholesale sales price. The OTP Tax rate was changed again in 2009 to 48.59% of the wholesale sales price, and then in 2010 to a rate of 65.03% of the wholesale sales price. In 2011, the OTP Tax rate was decreased to 48% of the wholesale sales price. As of August 1, 2013, the OTP Tax rate increased from 48% to 65.03% of the wholesale sales price, per Chapter 224:379 through 381, Laws of 2011. Wholesalers are required to report their tax liability for the collection of the OTP Tax on a monthly basis. The return is due on or before the 15th day of the month following the end of the reporting period. Wholesalers may file quarterly, but permission to file quarterly must be pre-approved, in writing, by the Department.

UTILITY PROPERTY TAX - RSA CHAPTER 83-F

Utility property is defined as "all real estate, buildings, and structures, machinery, dynamos, apparatus, poles, wires, fixtures of all kinds and descriptions, and pipe lines located within New Hampshire employed in the generation, production, supply, distribution, transmission, or transportation of electric powered or natural gas, crude petroleum and refined petroleum products or combination thereof, water, or sewage." In 2011, "utility property" was amended to exclude: the electrical generation, production, and supply equipment of an "eligible customer-generator" as defined in RSA 362-A:1-a, II-b; property used for the retail distribution of fuel for personal, non-commercial use, use as a fuel in a motorized vehicle, home cooking, or heating; and that portion of a manufacturing establishment's generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combinations thereof, water, or sewage subject to tax under RSA 72:6, 72:7, and 72:8, but not exempt under RSA 72:23, that is expended, used, or consumed on-site primarily for the operation of the manufacturing establishment and that does not otherwise enter the stream of commerce. The Utility Property Tax rate is \$6.60 per \$1,000 of value of utility property. On December 1 of each year the Department determines the value of utility property as of the previous April 1. The effective date was April 1, 1999. The tax is due annually on or before January 15th. Every corporation or company required to pay Utility Property Tax must file a declaration of its estimated Utility Property Tax for the subsequent taxable period. Quarterly estimated payments of the Utility Property Tax are due on April 15th, June 15th, September 15th, and December 15th.

2011	6/14/11	CH 181:2	RSA 77-A:1 XXI(a), to include under the definition of "Qualified Investment Company" a Qualified Community Development Entity (as defined in section 45D of the US Internal Revenue Code), which is owned, controlled, or managed, directly or indirectly, by the NH Business Finance Authority.			
6/25/11		CH 207	RSA 77-A:4, III, for taxable periods beginning on or after January 1, 2011: Modified the standards and burden of proof with respect to the Business Profits Tax deduction for reasonable compensation attributable to owners of partnerships, limited liability companies, and sole proprietorships that file a business tax return as a partnership or proprietorship. Keeps the standards set forth in IRC §162(a)(1) and the \$50,000 "record-keeping safe harbor." Amends the burden of proving the reasonableness of the compensation deduction: A business organization claiming a deduction bears the burden of proving that all proprietors, partners, or members for whom a deduction is being claimed provided actual personal services to the business organization at any time during the taxable period. Once a business organization satisfies this burden of proof, the amount claimed as a deduction shall be presumed to be reasonable, unless the Department proves by a preponderance of the evidence that the deduction claimed by the business organization is clearly unreasonable.

X. NEW HAMPSHIRE 2015 LEGISLATIVE SESSION IN REVIEW

This Legislative Review is published as a convenient reference guide of relevant statutory changes made during the 2015 Legislative Session by the New Hampshire General Court. This review is intended to provide a summary or synopsis of enacted legislation. It is not intended to be relied upon as full and complete text or as a substitute for the actual state law. Please refer to the applicable statute and rules to determine how this information applies to specific persons or situations.

BUSINESS TAX:

Senate Bill 211 (Chapter 216, Laws of 2015) amends RSA 77-E to allow an employee leasing company and client company to elect to make the client company solely responsible for paying business enterprise taxes with respect to leased employees. If an election is not made, the employee leasing company is responsible for paying business enterprise taxes with respect to leased employees.

Effective: July 1, 2015 and applicable to taxable periods beginning on or after January 1, 2016

Amends: RSA 77-E and RSA 277-B

House Bill 187 (Chapter 183:2, Laws of 2015) amends RSA 77-E:5, I to clarify that for tax years beginning January 1, 2015, the Commissioner shall biennially adjust the Business Enterprise Tax (BET) filing threshold amounts rounding to the nearest \$1,000 based on the 2-year (24-month) percentage change in the Consumer Price Index for All Urban Consumers, Northeast Region as published by the Bureau of Labor Statistics, United States Department of Labor using the amount published for the month of June in the year prior to the start of the tax year.

Effective: August 28, 2015

Amends: RSA 77-E:5, I

House Bill 599 (Chapter 265, Laws of 2015) alters the definition of “economic revitalization zone,” thereby eliminating consideration of population decrease and median household income as qualifying characteristics. Designated economic revitalization zones are required to be evaluated every 5 years to determine continued qualification for the designation. The bill specifies that only full-time jobs will be considered when calculating the economic revitalization zone tax credit.

Effective: Section 7 effective July 1, 2020; remainder effective July 1, 2015

Amends: RSA 162-N

MEALS AND ROOMS TAX:

Senate Bill 213 (Chapter 181, Laws of 2015) establishes a committee to study the formula for distributing meals and rooms tax revenues to cities and towns and the possible establishment of a local hotel occupancy surcharge.

Effective: June 26, 2015

REAL ESTATE TRANSFER TAX:

Senate Bill 232 (Chapter 255, Laws of 2015) amends RSA 78-B to exempt any lease, including any sale, transfer, or assignment of any interest in leased property, from the Real Estate Transfer Tax (RETT) when the term of the lease is for less than 99 years, including all renewals.

Effective: July 1, 2015

Amends: 78-B:1-a and RSA 78-B:2

House Bill 180 (Chapter 133, Laws of 2015) clarifies that the definition of “price or consideration” under the RETT applies only to contractual transfers and amends RSA 78-B:2 to clarify that transfers by devise or other testamentary disposition, regardless of any consideration paid or obligation assumed by the transferee, are excepted from the RETT.

Effective: July 1, 2015

Amends: RSA 78-B:1-a, IV and RSA 78-B:2, XI

MUNICIPAL AND PROPERTY:

Senate Bill 30 (Chapter 47, Laws of 2015) amends RSA 162-A to permit the establishment of redevelopment districts in unincorporated places.

Effective: May 21, 2015

Amends: RSA 162-A:22 and RSA 162-I

Senate Bill 54 (Chapter 29, Laws of 2015) amends RSA 126-X:8 to provide that when the property of an alternative treatment center is exempt from the ad valorem property tax pursuant to RSA 72:23, the alternative treatment center shall make payments in lieu of property taxes to the municipality in which it is located in the amount that would have been assessed had the property owner not been entitled to the exemption.

Effective: April 1, 2015

Amends: RSA 126-X:8

Senate Bill 242 (Chapter 182, Laws of 2015) establishes a committee to study methods of adopting a budget in towns that have adopted official ballot voting.

Effective: June 26, 2015

House Bill 102 (Chapter 129, Laws of 2015) amends RSA 40:11 to require all towns to act upon every article included in a warrant before final adjournment of the town meeting. Previously, only towns with 10,000 or more inhabitants had to comply with this requirement.

Effective: August 11, 2015

Amends: RSA 40:11

House Bill 107 (Chapter 4, Laws of 2015) amends RSA 33-A:3-a to alter the retention period for municipal trust fund bank statements from permanent retention to a six (6) year retention period. Trust fund minutes and quarterly reports continue to be retained permanently.

Effective: July 4, 2015

Amends: RSA 33-A:3-a

House Bill 108 (Chapter 49, Laws of 2015) amends RSA 91-A:3, III to require that a vote to seal nonpublic session minutes be taken in public session.

Effective: January 1, 2016

Amends: RSA 91-A:3, III

House Bill 147 (Chapter 57, Laws of 2015) amends RSA 480:1 to increase the homestead exemption from \$100,000 to \$120,000.

Effective: January 1, 2016

Amends: RSA 480:1

House Bill 193 (Chapter 83, Laws of 2015) amends RSA 52:3-a to preclude a city or town from assessing any fee or tax from a utility for the utility's use of roads maintained by a village district under RSA 52:1, I(m), except upon the vote of the village district commissioners.

Effective: August 4, 2015

Amends: RSA 52:3-a

House Bill 344 (Chapter 167, Laws of 2015) amends RSA 162-K:9, IV to provide that where a tax increment financing plan calls for the appropriation of a specific sum of money, the sum of money appropriated may be increased or decreased by vote of the legislative body, provided that no increase shall be valid if it violates the provisions of RSA 32:18 regarding appropriation limitations.

Effective: August 25, 2015

Amends: RSA 162-K:9, IV

House Bill 486 (Chapter 240, Laws of 2015) enacts RSA 52-A to authorize cities and towns to establish special assessment districts to levy and collect special assessments to fund public facilities and services that benefit the property upon which the special assessment is imposed.

Effective: Sections 1-2 effective September 11, 2015; remainder effective July 13, 2015

Enacts: RSA 52-A

House Bill 662 (Chapter 266, Laws of 2015) enacts RSA 79-H to allow a city or town to adopt a local property tax exemption for property rented or leased to a chartered public school by an owner who is not otherwise exempt from property tax.

Effective: July 20, 2015

Enacts: RSA 79-H

RSA CHAPTER 21-J ADMINISTRATIVE:

House Bill 187 (Chapter 183:1, Laws of 2015) amends RSA 21-J:14 to allow disclosure of taxpayer information to the liquor commissioner for purposes of administering RSA 78:26.

Effective: August 28, 2015

Amends: RSA 21-J:14, V(d)

MISCELLANEOUS ADMINISTRATIVE:

Senate Bill 192 (Chapter 254, Laws of 2015) amends RSA 21-J to permit the Department of Revenue Administration to require a background investigation and a state or federal criminal history record check on any candidate for employment prior to making a final offer of employment and establishes the position of Tax Policy Analyst within the Department.

Effective: September 11, 2015

Amends: RSA 21-J:3, XVII; RSA 21-J; RSA 94:1-a, I(b)

Summary of 2012 Business Taxes¹

- Approximately 140,000 Businesses have registered with the NH Secretary of State (SoS) and are in “Good Standing” or have an “Active” status.²
 - 67,249 Business Entities filed business tax returns
 - 22,827 Business Entities filing business tax returns paid no (\$0) BET or BPT
 - 44,422 Business Entities filed business tax returns with payments totaling \$474.3m, of which
 - 1,134 (2.6%) of those paid 69.4% of BET/BPT (\$329.3m out of \$474.3m)
 - 921 (81.2%) are corporations paying a total of \$298,368,806
 - 180 (15.9%) are partnerships paying a total of \$26,894,936
 - 33 (2.9%) are proprietors and fiduciaries paying a total of \$4,021,190
 - The remaining 43,288 (97.4%) paid 30.6% of BET/BPT (\$145m out of \$474.3m)
 - Of the 43,288 Business Entities that filed and paid 30.6% of BPT/BET:
 - 12,040 (27.8%) paid under \$500 = \$2,586,843 (1.8%)
 - 8,547 (19.7%) paid \$500 - \$1,000 = \$6,227,401 (4.3%)
 - 19,128 (44.2%) paid \$1,000 - \$10,000 = \$60,972,994 (42.0%)
 - 3,573 (8.3%) paid \$10,000 - \$50,000 = \$75,262,280 (51.9%)

	BET	BPT	Combined	
Corporations	\$155,272,716	\$235,008,619	\$390,281,335	82.3%
Partnerships	\$18,009,148	\$37,343,340	\$55,352,488	11.7%
Proprietors	\$13,480,298	\$13,165,527	\$26,645,825	5.6%
Fiduciaries	\$73,300	\$1,985,430	\$2,058,730	0.4%
	\$186,835,463	\$287,502,915	\$474,334,451	

- If 140,000 registered businesses were operating in the state of NH then 95,578 or 68.3% of them pay no business taxes (neither BET nor BPT)
- When BET and BPT are segregated:
 - 459 (1.2%) are paying 48.1% of BET
 - 422 (91.9%) are corporations paying a total of \$86,243,945
 - 37 (8.1%) are partnerships, proprietors and fiduciaries paying a total of \$3,676,464
 - 741 (1.1%) are paying 77.8% of BPT
 - 582 (78.5%) are corporations paying a total of \$199,564,790
 - 137 (18.5%) are partnerships paying a total of \$20,959,004
 - 22 (3.0%) are proprietors and fiduciaries paying a total of \$3,060,148

¹ Per returns received as of July 9, 2015.

² Businesses that want to preserve a trade name have to register a trade name with the NH SoS. A corporation, LLC or limited partnership must also register with the NH SoS. Being registered with the NH SoS does not necessarily mean that the business is engaging in business activity in NH or that they meet the BET or BPT filing threshold. Proprietorships and rental businesses do not register unless they want to protect the name of the business.

**PROPERTY TAX
TABLES BY COUNTY
VALUATIONS, TAXES AND TAX RATES**

(AS REQUIRED BY RSA 21-J:3 XII)

2014

T A B L E S B Y C O U N T Y

This report presents the 2014 Tables by Counties as compiled by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3 XII, which states:

"XII. File with the secretary of state his report showing all the taxable property in the state and its assessed value, in tabulated form, and such other statistics and information as may be deemed of interest. This report shall be filed not later than 30 days after all necessary figures become available."

Annually, each municipality is required to certify to the Department of Revenue Administration the assessed valuation of all taxable property in that municipality. This information is reported on the Summary Inventory of Valuation, MS-1 Report.

Assessment information is also gathered regarding exemptions and tax credits as well as taxes raised by each municipality. An exemption is an amount deducted from a taxpayer's assessment vs. a tax credit which is an amount deducted from the taxes due by a taxpayer.

The following is an explanation of the information contained in this report.

LAND VALUATION: The sum of the *taxable* land valuations for the following land subcategories:

- CURRENT USE: RSA 79-A
- CONSERVATION RESTRICTION: RSA 79-B
- DISCRETIONARY EASEMENT: RSA 79-C
- DISCRETIONARY PRESERVATION EASEMENT: RSA 79-D
- TAXATION OF FARM STRUCTURES & LAND UNDER FARM STRUCTURES: RSA 79-F
- RESIDENTIAL
- COMMERCIAL/INDUSTRIAL

The values in the above columns are prior to the application of any exemption and do not include any utility land value.

BUILDING VALUATION: The sum of the *taxable* building valuations for the following building subcategories:

- RESIDENTIAL
- MANUFACTURED (MFG) HOUSING: RSA 674:31
- COMMERCIAL/INDUSTRIAL
- DISCRETIONARY PRESERVATION EASEMENT: RSA 79-D
- TAXATION OF FARM STRUCTURES & LAND UNDER FARM STRUCTURES: RSA 79-F

The values in the above columns are prior to the application of any exemptions and do not include any utility building value.

PUBLIC UTILITIES: The sum of all utility values classified as PUBLIC WATER, GAS, ELECTRIC, OIL, PIPELINE or OTHER pursuant to RSA 83-F. OTHER utilities include utilities that the Department of Revenue Administration has not appraised. Some examples of OTHER utilities include hydro plants, water and certain gas companies.

MATURE WOOD & TIMBER: RSA 79:5

GROSS VALUATION: The valuation of all taxable property in each municipality prior to adjustments for property tax exemptions.

EDUCATIONAL & SPECIAL EXEMPTIONS: The sum of the following exemptions:

- RSA 72:36-a, Certain Disabled Veterans
- RSA 72:38-b, Improvements to Assist the Deaf
- RSA 72:37-a, Improvements to Assist Persons with Disabilities
- RSA 72:23 IV, School Dining, Dormitory and Kitchen Exemption
(maximum \$150,000 per property)
- RSA 72:12-a, Water & Air Pollution Control Facilities Exemption

MODIFIED ASSESSED VALUATION: The sum of the gross valuation minus the educational and special exemptions. The modified assessed valuation is the basis for calculating the equalized values for each municipality.

LOCAL OPTIONAL EXEMPTIONS OR EXEMPTIONS WITH OPTIONAL ELEMENTS:

Each municipality has adopted an elderly exemption. The amount of the exemption and the specific criteria (asset and income limits) to qualify are determined locally within statutory requirements. Each municipality may adopt the other exemptions listed below in this section:

- RSA 72:37, Blind Exemption
- RSA 72:39-a & b, Elderly Exemption
- RSA 72:38-b, Deaf Exemption
- RSA 72:37-b, Disabled Exemption
- RSA 72:70, Wood-Heating Energy Systems Exemption
- RSA 72:62, Solar Energy Systems Exemption
- RSA 72:66, Wind-Powered Energy Systems Exemption
- RSA 72:23 IV, Additional School Dining, Dormitory and Kitchen Exemption (amount > \$150,000 per property)

NET LOCAL ASSESSED VALUATION: The sum of the modified assessed valuation minus the value of the blind, elderly and local optional exemptions.

GROSS PROPERTY TAXES: The sum of the net tax commitment plus the veteran's tax credits. The Department of Revenue's Municipal Services Division establishes the property tax rate using this figure.

LESS VETERANS TAX CREDITS: The sum of tax credits granted pursuant to RSA 72:28; 72:29-a 72:32 and RSA 72:35.

NET TAX COMMITMENT: The sum of the gross property taxes minus the sum of the veteran's credits. The amount a municipality must actually raise in taxes equals the sum of the amount appropriated by the municipal legislative body minus any revenues.

ACTUAL TAX RATE: The sum of the municipal, county, local and state school education tax rate. This tax rate does not include any village district or precinct tax rates.

RESIDENTS TAX: The sum of monies collected by a municipality for the Resident's Tax pursuant to RSA 72:1.

COUNTY SUMMARY: The total of each of the above listed columns for all ten counties in the state. The county tax rate listed is the average county tax rate and is calculated by taking the sum of the tax rates for all municipalities in a county and dividing by the number of municipalities.

EDUCATIONAL & SPECIAL EXEMPTIONS REPORT: A breakdown of the educational and special exemptions granted by municipalities. These are not optional.

LOCAL OPTIONAL EXEMPTIONS REPORT: A breakdown of what each municipality currently grants. These are optional, and must be adopted by the legislative body of the municipality.

For further explanation about any information contained in this report, please contact the Department of Revenue Administration, Municipal & Property Division at (603) 230-5950.

EQUALIZATION

SURVEY

STATE OF NEW HAMPSHIRE

DEPARTMENT

OF

REVENUE ADMINISTRATION

MUNICIPAL & PROPERTY DIVISION

**NEW HAMPSHIRE PROPERTY TAX SYSTEM
SUMMARY
May 1, 2015**

The following explanation summarizes the budget, assessment, equalization and assessment review processes to assist taxpayers in understanding New Hampshire's property tax system.

STEP I: THE BUDGET PROCESS

Every property owner is responsible for paying a portion of the money necessary to operate their town or city, their school district, their village district (if any) and their county. Each town or city, school district, village district and county must establish a budget, hold public hearings on the budget and submit the budget to their legislative body for approval.

Who are the legislative bodies that vote the appropriations necessary to fund the town or city, school and county budgets? For a town, the annual town meeting is the legislative body, which appropriates money to operate the town. The annual school district meeting does the same for the schools, and the annual village district meeting does the same for districts. Generally for a city, or a town with a town council form of government, the council or board of mayor and alderman vote the appropriations. The county delegation comprised of the State Representatives from the county, appropriate the money necessary to fund county government. This amount is apportioned to each town or city in that county based on its proportion of the total equalized property value in that county.

It is these appropriations, voted by either your elected representatives at county delegation meetings and council meetings, or voted by you at your annual town and annual school district meetings, which establish the basis for property taxes in New Hampshire.

STEP II: THE ASSESSMENT PROCESS

Your property taxes are based upon the assessed value of your property as of April 1. This means that your tax bill, generally due in December, reflects the assessment of your property on the previous April 1. For example, if you built a garage on May 15 of this year, you would not be assessed taxes on that garage until **next** year, since the garage did not exist on April 1.

It is the responsibility of the selectmen or the assessor to annually determine the local assessed value of the property within your municipality as of April 1 each year. This assessment is best determined by a complete revaluation or update of all property within your town or city.

During a revaluation, property is physically reviewed and then valued based upon either the sale prices of other comparable properties or by other means. Theoretically, the intent of a revaluation is to assess property at its "full and true" value, often referred to as "market" value. But more importantly, the purpose of a revaluation is to insure that property within your municipality is assessed proportionally so that each property owner bears their share of the property tax burden based upon the "value" of their property.

A complete annual revaluation can be costly and time consuming. Consequently, a complete revaluation is not conducted every year. A revaluation establishes base year property values. In the years following a revaluation, the assessors value the pick-ups: the new construction, the subdivisions, and other changes to the property. Depending on the amount of change reflected in current sales, assessors may also conduct partial revaluations or statistical updates. In any event assessors must maintain proportionality among all property values on an annual basis.

Pick-ups (new construction and improvements) are assessed as of April 1. Unless all properties are

updated to current market value; pick-ups are valued not at current year values, but valued at the revaluation year values. That way, if a revaluation had been done in 2014, a 3-bedroom cape style home built in 2013 will be assessed comparably to a 3-bedroom cape style home built in 2013. This assumes all other factors affecting the value of the home are the same, such as the neighborhood, the amount of land, the quality of construction, the number of bathrooms, etc.

STEP III: THE TAX RATE

The appropriations voted by the town or city, the school district, village district (if any) and the county, less revenue from all other sources, equals the amount of money needed to be raised by taxes. The money needed to be raised by taxes is then divided by the local assessed property values to arrive at the property tax rates.

For example, if an annual town meeting appropriated \$1,000,000 to fund town appropriations and anticipates receiving \$300,000 from motor vehicle registrations, other fees, gifts and grants to the town, then the balance of money needed to be raised by taxes would be \$700,000. This amount divided by a local assessed property value of \$25,000,000, for example, would equal a tax rate of \$28.00. Property tax rates are normally expressed per \$1,000 of valuation.

The equation for determining the local property tax rate is as follows:

$$\frac{\text{VOTED APPROPRIATIONS minus ALL OTHER REVENUE}}{\text{LOCAL ASSESSED PROPERTY VALUE}} \times 1,000 = \text{PROPERTY TAX RATE}$$

By law, your property tax bill must show the assessed value of your property, along with the tax rate for each component of the tax: the town/city, village districts (if any), county, local education and state education tax rates.

STEP IV: EXEMPTIONS AND TAX CREDITS

An exemption is a reduction in the local assessed value of property, while a credit is a reduction of the amount of tax due.

Every municipality offers some form of an exemption for elderly property owners meeting certain qualifications, and a tax credit for veterans. In addition, municipalities may adopt and grant the following exemptions: blind, deaf, disabled, wood heating energy systems, solar energy systems, wind powered energy systems and additional school dining/dormitory/kitchen. In addition, property tax credits are available to qualifying veterans or their surviving spouses.

Applications for an exemption or a tax credit must be made to the municipality by April 15th prior to that year's tax bill.

Education property tax relief is available to low and moderate income homeowners who:

- Own a homestead or an interest in a homestead subject to the education property tax;
- Have resided in the homestead on April 1 of the year for which the claim is made; and
- Had a total "household income" of
 1. \$20,000 or less if a single person;
 2. \$40,000 or less if married or head of a New Hampshire household.

Forms for the low and moderate income homeowners property tax relief program are available each spring once all the equalization ratios are completed.

Pursuant to RSA 198:57, VI, education property tax relief claims must be filed with the Department of Revenue between May 1st and June 30th following the due date of the final tax bill. Since a required element of the claim form is the equalization ratio for the municipality in which the property is located, claim forms cannot be completed for release to the public until the annual ratio setting process is complete. Ratios for each municipality are issued by the department generally in April as a result of the Equalization Process described below. For more information, contact the Department at (603) 230-5950 or visit our web site at www.nh.gov/revenue

STEP V: THE EQUALIZATION PROCESS

All towns and cities do not conduct revaluations in the same year. Some may be assessing property close to full value (because they just conducted a revaluation) while other towns and cities are assessing property at more or less than full value (because their revaluation is not current). This inconsistency makes it difficult to compare towns and cities to one another since the local assessed valuations are based upon different revaluation years.

The annual equalization survey conducted by the Department of Revenue Administration addresses this inconsistency by adjusting each municipality's total local assessed property value to full value.

The sole purpose for equalizing local assessed property values is to ensure that public taxes and state revenues shared by towns and cities will be reasonably apportioned. This includes state education tax, county tax, some cooperative school district taxes and some village districts taxes. The equalization process involves a detailed study of property sales throughout the state and compares those sales with the local property assessments. A by-product of the equalization process is the determination of a ratio. Generally, the ratio shows the average level at which the town or city assessed property in the previous year in comparison to full value.

For example, a ratio of 90% would indicate that the town generally assessed property at approximately 90% of full value. The ratio does not necessarily apply to any specific property assessment, but rather indicates the average level of assessment throughout the town or city.

Over a period of several years, as the value of property increases or decreases due to market fluctuations, the ratio (the comparison of the local assessed value to full value) also fluctuates. A ratio of 100% indicates that, on the average, the municipality is assessing at full value. A ratio below 100% indicates average assessments are below full value, and a ratio above 100% indicates average assessments are above full value.

Neither a high nor a low ratio, in itself, should be cause for alarm. Whether a town or city is assessing at 110% or 90% of full value is really not significant. What's important is that the assessments are proportional, so that each property owner bears their share of the property tax burden based upon the value of their property.

STEP VI: ASSESSMENT REVIEW

As a result of the Supreme Court's decision in Sirrell v. State of New Hampshire, RSA 75:8-a was adopted which requires all towns and cities in New Hampshire to reappraise all real estate within the municipality so that the assessments are at the full and true value at least as often as every fifth year. The Department of Revenue Administration is mandated by RSA 21:J II-a & b to review and report the degree to which assessments of municipalities achieve compliance with applicable statutes and rules. The third five-year cycle will begin in 2013. Approximately one-fourth of the towns and cities will be scheduled for this Assessment Review in 2013, 2014, 2015, and 2016 respectively. The Assessing Standards Board (ASB) has adopted recommended standards to be met by towns and cities for their assessment review. The Department's staff conducts field reviews of the records and assessing practices of all towns and cities in accordance with the ASB recommended standards and reports their findings to the municipalities and to the ASB. This report becomes a public document upon its issuance.

STEP VII: PROPERTY ASSESSMENT APPEAL PROCESS

There is a two-level appeal process available to any property owner who believes the assessment of their property is in error.

The first level of appeal to request an abatement of property taxes must be made to the local assessing officials. The request for abatement must be made in writing by March 1st after the date the tax bills were mailed. If the local assessing officials neglect or refuse to satisfactorily abate the tax, the second level of appeal is either to the Board of Tax and Land Appeals or to the Superior Court in the county where the property is located.

An opinion that property taxes are “too high” is not adequate grounds to justify an abatement. The “amount of tax” is usually not appealable since the amount of money needed to fund local government operations is determined by the local legislative bodies through the budget process. Generally, there must be an error in the assessment of your property in order to qualify for an abatement.

CONCLUSION

Property taxation in New Hampshire is a process involving all levels of government, from the voters at town and school district meeting, city councilors, and local assessing officials, to state legislators and court officials. It is a yearly process beginning with the preparation of the budget and voting of appropriations, continuing with the assessment of property and the setting of the tax rates, and concluding with the appeal process. Residents and non-residents, homeowners and landlords, commercial and industrial businesses, all bear the responsibility for paying their proportional share of property taxes.

2014 EQUALIZATION SURVEY

"INCLUDING UTILITIES AND RAILROADS"

May 1, 2015

This report presents the results of the 2014 Equalization Survey "**including utilities and railroads**". It was conducted by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3 XIII (Revised 4/1/99) which states:

"XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66 and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities and unincorporated places such sums as will bring such valuations to the true and market value of the property, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a."

To accomplish the foregoing, assessment ratio studies were conducted to determine how the average level of assessment for all cities and towns compares with the statutory 100% ratio so that taxes can be apportioned equitably.

The Department of Revenue Administration has completed its process of calculating the total equalized valuation of all the municipalities and unincorporated places throughout the state. The ratios reported for each municipality in this survey were derived by comparing the sale prices of sales of land, land and buildings and manufactured housing, covering the period of October 1, 2013, to September 30, 2014, against the actual assessments levied by the municipalities. Sales information was verified by the grantee whenever possible by means of the Inventory of Property Transfer, Form PA-34. Our goal is to use only arm's-length sales that transferred for market value in this analysis. Every effort has been made to exclude non-arm's length transactions including but not limited to: sales involving courts and government agencies, sales between relatives or corporate affiliates, sales settling an estate, forced sales, etc.

Every municipality was notified of its 2014 sales assessment ratio. These ratios were used in conjunction with other Department of Revenue adjustments to determine each municipality's total equalized value for purposes of RSA 21-J:3 XIII.

The following is an explanation of the information contained in this report.

MODIFIED ASSESSED VALUATION: The modified assessed valuation for each municipality as reported to the Department of Revenue Administration on the municipality's 2014 Summary Inventory of Valuation (MS-1 Report).

"GROSS LOCAL ASSESSED VALUATION" - Sum of all assessed values in the municipality

- Certain Disabled Veteran's: RSA 72:36-a
- Improvements to Assist Persons who are Deaf: RSA 72:38-b V
- Improvements to Assist Persons with Disabilities Exemption: RSA 72:37-a
- School Dining/Dormitory/Kitchen Exemption: RSA 72:23 IV
(\$150,000 max per exemption)
- Water & Air Pollution Control Exemption: RSA 72:12-a

= "MODIFIED ASSESSED VALUATION"

- Blind Exemption: RSA 72:37
- Elderly Exemption: RSA 72:39-a & b
- Deaf Exemption: RSA 72:38-b
- Disabled Exemption: RSA 72:37-b
- Wood-Heating Energy System Exemption: RSA 72:70
- Solar Energy System Exemption: RSA 72:62
- Wind Powered Energy System Exemption: RSA 72:66
- Additional School Dining/Dormitory/Kitchen Exemption: RSA 72:23 IV
(Exemption amount > \$150,000)

= "NET LOCAL ASSESSED VALUATION" The municipal, county and local school tax rates are computed using the net local assessed valuation.

TAX INCREMENT FINANCE DISTRICTS (TIFS): RSA 162-K:10 III - The retained captured assessed value is added to the modified assessed value and will be equalized for all TIF districts created after 4/29/99. The original assessed value plus any unretained value is used to set a municipality's tax rates.

DRA INVENTORY ADJUSTMENT: The sum of the adjustments of the modified local assessed valuation is divided into three categories.

Category 1: The total modified local assessed value of land (excluding land in current use, conservation restriction assessment, discretionary easements and utilities) buildings and manufactured housing is equalized by the 2014 equalization ratio. This category includes discretionary preservation easements, taxation of farm structures, land under farm structures, The difference between the modified local assessed valuation of land, buildings and manufactured housing and the equalized value equals the DRA adjustment for land, buildings, and manufactured housing.

Category 2: An adjustment for land assessed at current use, conservation restriction assessment, and discretionary easement values are made. This adjustment is calculated by dividing the total net local assessed valuation for land in these two categories by the 2013 equalization ratio to obtain the equalized value of current use, conservation restriction assessments, and discretionary easements. If a municipality has had a full revaluation or cyclical revaluation as defined by Rev 601.11 and 601.08, a ratio of 100.0 is used.

The difference between the local assessed value of the land and the equalized value equals the DRA adjustment for current use, conservation restriction

assessments, and discretionary easements.

Category 3: A DRA adjustment for public utilities, as defined by RSA 83-F, is made by comparing the market value of the utility as determined by the DRA to the net local assessed value of the utility. The difference between the assessed value and the market value equals the adjustment. The value of public utilities is not added into the “Total Equalized Value Not Including Utility Value or Equalized Railroad Taxes.”

EQUALIZED ASSESSED VALUATION: The sum of the “modified local assessed valuation” plus the DRA inventory adjustment. The equalized assessed valuation represents the equalized value of all “taxable” properties in a municipality.

PAYMENT IN LIEU OF TAXES: The equalized value for payments received in lieu of taxes includes State & Federal Forest Land Reimbursements, Recreation Land Reimbursements, Flood Land Reimbursements, and others.

RAILROAD TAX: The equalized value for monies received from the railroad tax. This figure is not included in the “Total Equalized Valuation Not Including Utility Values and Equalized Railroad Taxes.”

TOTAL EQUALIZED VALUATIONS INCLUDING UTILITY VALUE AND EQUALIZED RAILROAD TAXES: The sum of the equalized assessed valuation, the equalized value of payments in lieu of taxes and the equalized value of the railroad tax monies.

The Total Equalized Valuation including the value of utilities and equalized value of railroad monies reimbursed to municipalities represents the equalized value of all property in a municipality including utilities and will be used to:

- Apportion county taxes for the 2015 tax year;
- Calculate state reimbursements, and;
- Apportion cooperative school taxes for the 2015 tax year.

LOCAL TAX RATE: The actual tax rate as calculated by the Department of Revenue Administration, Municipal Services Division. The tax rate includes the municipal, county, local school and state education property tax rates.

EQUALIZATION RATIO: The 2014 equalization ratio as determined by a ratio study conducted by the Department of Revenue Administration’s equalization staff.

FULL VALUE TAX RATE: The 2014 gross local property taxes to be raised as reported by the Department of Revenue Administration, Municipal & Property Division, divided by the total equalized valuation including utility values and equalized railroad taxes. This figure represents the estimated tax rate for a municipality if all the taxable property was assessed at 100% and includes the equalized value of properties for which a payment in lieu of property taxes is made.

% PROPORTION TO COUNTY TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the county comparing each municipality’s total equalized value to the total equalized value of the county.

% PROPORTION TO STATE TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the state by comparing the town’s total equalized value to the total equalized value of the state.

COUNTY & STATE TAX RATE: The sum of the 2014 gross property taxes to be raised by each municipality in each county and the state divided by the total net local assessed value for each municipality in each county and the state.

STATE & COUNTY RATIOS: The state and county gross assessed values divided by the total equalized valuation. The state and county ratios are calculated for statistical purposes only. They are not applied to any figure as part of the equalization process.

APPEAL OF TOTAL EQUALIZED VALUATION

Municipalities were sent their 2014 Notification of Total Equalized Valuations on **April 27, 2015**.

Per RSA 71-B:5, II, any municipality aggrieved by the total equalized valuation as determined by the DRA must appeal to the Board of Tax and Land Appeals in writing **within 30 days of the town's notification** of the municipality's total equalized valuation.

The appeal period is not extended due to any communication, either verbal or written, between the DRA and a municipality regarding the total equalized valuation.

OF
REVENUE ADMINISTRATION**

2014 EQUALIZATION SURVEY

"NOT INCLUDING UTILITIES AND RAILROADS"

May 1, 2015

This report presents the results of the 2014 Equalization Survey "**not including utilities and railroads**". It was conducted by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3 XIII (Revised 4/1/99) which states:

"XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66 and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities and unincorporated places such sums as will bring such valuations to the true and market value of the property, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a."

To accomplish the foregoing, assessment ratio studies were conducted to determine how the average level of assessment for all cities and towns compares with the statutory 100% ratio so that taxes can be apportioned equitably.

The Department of Revenue Administration has completed its process of calculating the total equalized valuation of all the municipalities and unincorporated places throughout the state. The ratios reported for each municipality in this survey were derived by comparing the sale prices of sales of land, land and buildings and manufactured housing, covering the period of October 1, 2013, to September 30, 2014, against the actual assessments levied by the municipalities. Sales information was verified by the grantee whenever possible by means of the Inventory of Property Transfer, Form PA-34. Our goal is to use only arm's-length sales that transferred for market value in this analysis. Every effort has been made to exclude non-arm's length transactions including but not limited to: sales involving courts and government agencies, sales between relatives or corporate affiliates, sales settling an estate, forced sales, etc.

Every municipality was notified of its 2014 sales assessment ratio. These ratios were used in conjunction with other Department of Revenue adjustments to determine each municipality's total equalized value for purposes of RSA 21-J:3 XIII.

The following is an explanation of the information contained in this report.

MODIFIED ASSESSED VALUATION: The modified assessed valuation for each municipality as reported to the Department of Revenue Administration on the municipality's 2014 Summary Inventory of Valuation (MS-1 Report) "not including utility values taxed pursuant to RSA 83-F."

"GROSS LOCAL ASSESSED VALUATION" - Sum of all assessed values in the municipality

- Certain Disabled Veteran's: RSA 72:36-a
- Improvements to Assist Persons who are Deaf: RSA 72:38-b V
- Improvements to Assist Persons with Disabilities Exemption: RSA 72:37-a
- School Dining/Dormitory/Kitchen Exemption: RSA 72:23 IV
(\$150,000 max per exemption)
- Water & Air Pollution Control Exemption: RSA 72:12-a

= **"MODIFIED ASSESSED VALUATION"**

- Blind Exemption: RSA 72:37
- Elderly Exemption: RSA 72:39-a & b
- Deaf Exemption: RSA 72:38-b
- Disabled Exemption: RSA 72:37-b
- Wood-Heating Energy System Exemption: RSA 72:70
- Solar Energy System Exemption: RSA 72:62
- Wind Powered Energy System Exemption: RSA 72:66
- Additional School Dining/Dormitory/Kitchen Exemption: RSA 72:23 IV
(Exemption amount > \$150,000)

= **"NET LOCAL ASSESSED VALUATION Not Including Utility Valuation"**

The education property tax rate is computed using the Net Local Assessed Valuation Not Including Utility Valuation.

TAX INCREMENT FINANCE DISTRICTS (TIFS): RSA 162-K:10 III - The retained captured assessed value is added to the modified assessed value and will be equalized for all TIF districts created after 4/29/99. The original assessed value and any unretained value is used to set a municipality's tax rates.

DRA INVENTORY ADJUSTMENT: The sum of the adjustments of the modified local assessed valuation is divided into two categories.

Category 1: The total modified local assessed value of land (excluding land in current use, conservation restriction assessment, discretionary easements, and utilities) buildings and manufactured housing is equalized by the 2014 equalization ratio. This category includes discretionary preservation easements, taxation of farm structures, and land under farm structures. The difference between the modified local assessed valuation of land, buildings and manufactured housing and the equalized value equals the DRA adjustment for land, buildings, and manufactured housing.

Category 2: An adjustment for land assessed at current use, conservation restriction assessment, and discretionary easement values are made. This adjustment is calculated by dividing the total net local assessed valuation for land in these two categories by the 2013 equalization ratio to obtain the equalized value of current use, conservation restriction assessments and discretionary easements. If a municipality has had a full revaluation or cyclical revaluation as defined by Rev 601.11 and 601.08, a ratio of 100.0 is used.

The difference between the local assessed value of the land and the equalized value equals the DRA adjustment for current use, conservation restriction assessments, and discretionary easements.

EQUALIZED ASSESSED VALUATION: The sum of the “modified local assessed valuation” plus the DRA inventory adjustment. The equalized assessed valuation represents the equalized value of all “taxable” properties in a municipality.

PAYMENT IN LIEU OF TAXES: The equalized value for payments received in lieu of taxes includes State & Federal Forest Land Reimbursements, Recreation Land Reimbursements, Flood Land Reimbursements, and others.

TOTAL EQUALIZED VALUATIONS *NOT INCLUDING* UTILITY VALUE AND EQUALIZED RAILROAD TAXES: The sum of the equalized assessed valuation and the equalized value of payments in lieu of taxes.

The **2014** “total equalized valuation not including utility and equalized value of railroad monies reimbursed to municipalities” will be used to apportion the state education property tax for the tax year 2016. The **2013** total equalized valuation not including utilities and the value of railroad monies reimbursed to municipalities will be used to apportion the state education property tax for the tax year 2015.

EQUALIZATION RATIO: The 2014 equalization ratio as determined by a ratio study conducted by the Department of Revenue Administration’s equalization staff.

% PROPORTION TO STATE TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the state by comparing the town’s total equalized value to the total equalized value of the state.

STATE & COUNTY RATIOS: The state and county gross assessed values divided by the total equalized valuation. The state and county ratios are calculated for statistical purposes only. They are not applied to any figure as part of the equalization process.

APPEAL OF TOTAL EQUALIZED VALUATION

Municipalities were sent their 2014 Notification of Total Equalized Valuations on **April 27, 2015**.

Per RSA 71-B:5, II, any municipality aggrieved by the total equalized valuation as determined by the DRA must appeal to the Board of Tax and Land Appeals in writing **within 30 days of the town's notification** of the municipality’s total equalized valuation.

The appeal period is not extended due to any communication, either verbal or written, between the DRA and a municipality regarding the total equalized valuation.

Borrowing Power
RSA 33:4-a & b and RSA 195:6

RSA 33:4-b Debt Limit; Computation. The debt limitations hereinbefore prescribed, *except for counties*, shall be based upon the applicable last locally assessed valuation of the municipality as last equalized by the commissioner of revenue administration under RSA 21-J:3, XIII and shall include the equalized value of property formerly taxed pursuant to the provisions of RSA 72:7; 72:15, I, V, VII, VIII, IX, X and XI; 72:16; 72:17; 73:26; 73:27 and 73:11 through 16 inclusive, all as amended, which was relieved from taxation by 1970, 5:3, 5:8, and 57:12, as determined under the provisions of RSA 71:11 as amended. Whenever several municipalities possessing the power to incur indebtedness cover or extend over identical territory, each such municipality shall so exercise the power to incur indebtedness of such municipalities shall not exceed 9.75 percent of the valuation of the taxable property as hereinbefore determined, except as provided for cooperative school districts under RSA 195:6. A written certificate signed by the commissioner of the department of revenue administration shall be conclusive evidence of the base valuation of municipalities for computing debt limits hereunder.

2014 COMPARISON OF FULL VALUE TAX RATES

The full value tax rate represents the estimated tax rate for a municipality if all the taxable property was assessed at 100% and includes the equalized value of properties for which a payment in lieu of property taxes is made.

The full value tax rate is calculated as follows: The 2014 gross local property taxes to be raised as reported by the Department of Revenue Administration, Municipal & Property Division divided by the total equalized valuation including utility values and equalized railroad taxes.

The full value rates are ranked in ascending order from lowest to highest (1-~~235~~ for 2014). If two municipalities have the same full value tax rate they are ranked with the same number. The unincorporated towns (signified by ****) have no 2014 tax rate, and thus are not ranked.

The full value tax rate can only be used to make a limited comparison of what a property in one municipality would pay for taxes to a property of equal value in another municipality.

For example:	Town A	$100,000 \times 21.95$	
		1000 =	\$2,195.00
	Town B	$100,000 \times 26.56$	
		1000 =	\$2,656.00

Due to diverse real estate values in New Hampshire, properties of equal value do not equate to properties of equal size or quality.

Prior to making any assumptions or decisions regarding a property owner's tax burden in a municipality, other factors should be considered such as real estate values, municipal services, schools, community make-up, and locational factors including proximity to urban areas, medical facilities, highways, recreation areas, etc.
