CREATE ARTICLE

Then follow the four (4) steps required in the warrant article generator

Step One

Select the Category for the Warrant Article from the drop-down menu:

- Individual
- Special
- Operating Budget
- Default Budget
- Non-Monetary

This will enable different options for the “Type” drop-down.

Step Two

Enter the Warrant Article number and the purpose for the Warrant Article. The number can be alpha-numeric and can be changed later, if needed.

Step Three

Enter the Raise and Offset amounts for the Warrant Article. If needed, two separate amounts can be entered for each. At least one Raise Amount is required to proceed (for all but non-monetary articles).

Step Four

The software will use DRA template language by default. Note that this can be disabled and that not all warrant article types have default language.

Step 1: Select Category and Type
 Category Type

Step 2: Enter Number and Purpose
 No. Purpose

Step 3: Enter Raise and Offset Amounts

<small>Please indicate the amount to be raised in the Warrant Article or Resolution. If more than one raise amount is required please use "Raise Amount 2" field.</small>	<small>Please indicate the amount of offsetting revenue in the Warrant or resolution. If more than one offset amount is required please use "Offset Amount 2" field.</small>

Step 4: Preview and Select Language Templates
 Use DRA Template Language
To see if the district will vote to raise and appropriate the amount of \${AMOUNT} for the support of schools, for the payment of salaries for the school district officials and agents, and for the payment for the statutory obligations of the district. This article does not include appropriations contained in special or individual articles addressed separately. (Majority vote required)

To complete the process select the “Generate” button at the bottom of the screen
