Ora M. LeMere Assistant Commissioner

September 14, 2022

His Excellency,<br>Governor Christopher T. Sununu<br>And Honorable Council<br>Dear Governor Sununu and Honorable Councilors,

109 Pleasant Street<br>PO Box 457, Concord, NH 03302-0457<br>Telephone 603-230-5005<br>www.revenue.nh.gov

It is my pleasure to present the Department of Revenue Administration's (DRA) 2022 annual report, as required by RSA 20:7, to you and the citizens of New Hampshire. This report is intended to provide readers with current insight into the activities of the operational units within the DRA, as well as data regarding the taxes we collect and the municipal finance and assessing laws that we administer.

The mission of the Department of Revenue Administration is to fairly and efficiently administer the tax laws of the State of New Hampshire, collecting the proper amount of taxes due, incurring the least cost to the taxpayers, in a manner that merits the highest degree of public confidence in our integrity. Further, we will provide prompt and constructive assistance to the municipal units of government in the matters of budget,
finance, and the appraisal of real estate.
During State Fiscal Year (FY) 2022 the DRA had a renewed focus on our mission statement as we collected record revenue, with expenditures as low as $0.52 \%$ of total revenue collected, we fully implemented our Revenue Information Management System (RIMS) for all tax types, which made DRA more efficient and more effective for our taxpayers, and we assisted municipalities as they navigated historic changes in property values. The DRA worked hard in FY 2022 and we will continue to uphold our mission statement.

Thank you for taking the time to review this annual report. If you have any questions, or if you require any additional information, please do not hesitate to contact me directly.

Sincerely,

Lindsey M. Sep
Commissioner

The mission of the Department of Revenue Administration is to fairly and efficiently administer the tax laws of the State of New Hampshire, collecting the proper amount of taxes due, incurring the least cost to the taxpayers, in a manner that merits the highest degree of public confidence in our integrity. Further, we will provide prompt and constructive assistance to the municipal units of government in matters of budget, finance, and the appraisal of real estate.

## Department of Revenue Administration

## Division Primary Functions

## Administration Unit

The Administration unit performs administrative functions necessary to support Department of Revenue Administration (DRA) operations including accounting, purchasing, administrative hearings, tax policy and legislative analysis, fleet and facility maintenance, human resources, legal services, and project management.

## Audit Division

The Audit Division conducts audits of tax returns of individuals, partnerships, estates, trusts, corporations, and documents filed with DRA to ensure compliance with New Hampshire tax laws and rules.

## Collections Division

The Collections Division initiates collection activities in pursuit of delinquent tax returns and outstanding payments for all taxes administered by DRA. Issues wholesale tobacco tax licenses, meals and rentals tax licenses, and sells tobacco tax stamps.

## Municipal and Property Division

The Municipal and Property Division (M\&P) establishes and approves municipal, school, county and village district tax rates. Provides technical assistance, relative to taxation and finance to the political subdivisions of the state; and prescribes a uniform chart of accounts for all municipalities, schools, counties, and village districts. Assists and educates municipalities with the methods of appraisal and assessment of real property. Provides revaluation monitoring statewide to municipalities and conducts once in five-year assessment reviews. Equalizes the local assessed valuation of each municipality to bring such valuations to the full and true market value of the property. Advises and assists municipalities and taxpayers in timely collection of the excavation tax. Advises and assists municipalities and taxpayers in full and true appraisals and timely collection of timber yield tax. Appraises public utility and railroad property for equalization and state utility property tax, as well as local tax purposes. The Division assists local municipalities with the administration of the Current Use law RSA 79-A.

## Department of Information Technology

The embedded Department of Information Technology personnel designs, develops, and maintains computerized systems to support the administration of taxes and to automate labor intensive functions.

## Taxpayer Services Division

The Taxpayer Services Division processes taxpayer documents in an accurate and efficient manner. Provides general taxpayer assistance to the public for all taxes administered by the Department and maintains taxpayer accounts.

## Employee of the Year

Ms. Nicole Tilton (Nikki) has worked for the Department of Revenue Administration in multiple capacities since 2009. Nikki is currently a Multi-State Tax Auditor in the Multi Entity Bureau of the Audit Division who consistently demonstrates a teamwork approach and is always helpful to those who call on her for assistance. No matter what Nikki is managing with her workload, she is always willing to go the extra mile to jump in and help, exhibiting a positive attitude throughout.

The DRA implemented a new tax management system and Nikki was instrumental in the success of the project. With staff striving to learn the new system coupled with personnel changes, agency confidence and morale was at risk. Nikki's positivity, knowledge, and kindness were extremely valuable in assisting the DRA team in conquering those challenges. Her support of others and upbeat attitude never went unnoticed as she was available for anyone who needed her, building their confidence along the way.

Nikki demonstrates the qualities of a leader as she is always ready to contribute to the DRA in any capacity and does so with a warm smile. Her willingness to put the agency and its staff before herself is most appreciated and worth recognition. Whether it was supporting a colleague, helping with specialized projects, or taking over in a pinch, Nikki's magnanimous nature merits the Employee of the Year award for 2021.
The Employee Code of Respect at DRA reads "We will cultivate respect and teamwork among fellow co-workers by encouraging each other to live up to our full potential through honesty, understanding, dignity, tolerance and accountability." We truly thank Nikki for exemplifying this code and being an integral part of the DRA.

## SUMMARY OF TAXES ADMINISTERED BY THE DEPARTMENT OF REVENUE ADMINISTRATION

## FY 2022

This is only a brief summary of certain New Hampshire taxes administered by the Department of Revenue Administration. This summary is not intended to be relied upon as a full and complete text. Please refer to the applicable forms, instructions, rules and to the laws cited below to determine how this information applies to specific persons or situations.

## BUSINESS PROFITS TAX - RSA CHAPTER 77-A

The Business Profits Tax (BPT) has historically been one of the largest sources of general fund revenue. Enacted in 1970 as a replacement for the municipal property tax on stock-in-trade, farm livestock, poultry, fuel pumps, mills and machinery, the initial rate was established at $6 \%$. The rate steadily increased to a high of $9.56 \%$ in Fiscal Year (FY) 1983. The rate then decreased to 7\% beginning FY 1995, then increased to 8\% for tax years ending on or after July 1, 1999. The rate of $8.5 \%$ was effective for all returns and taxes due on account of taxable periods ending on or after July 1, 2001. For taxable periods ending on or after December 31, 2016, the BPT rate was reduced to $8.2 \%$. For taxable periods ending on or after December 31, 2018, the BPT rate was reduced to $7.9 \%$, because, in accordance with Chapter 274:23, Laws of 2015, the amount of combined unrestricted general and education trust fund revenue collected for the biennium ending June 30, 2017 was more than $\$ 4.64$ billion. For taxable periods ending on or after December 31, 2019, the BPT rate is reduced to 7.7\%. For taxable periods ending on or after December 31, 2022, the BPT rate will be reduced to $7.6 \%$. For taxable periods ending on or after December 31, 2023, the BPT rate will be reduced to $7.5 \%$. The BPT is assessed on income from conducting business activity within the state. For multi-state businesses, gross business profits is apportioned using a weighted sales factor of two and the standard payroll and property factors. For taxable periods ending on or after December 31, 2022, multi-state businesses shall apportion gross business profits using only the sales factor. Organizations operating a unitary business must use combined reporting in filing their NH return. Four annual estimate payments are required on liabilities greater than $\$ 200$, paid at $25 \%$ each. BPT return due dates are consistent with federal return due dates based on the taxpayer's entity type. Business organizations with $\$ 50,000$ or less of gross business income from all their activities are not required to file a return (for taxable periods ending on or after December 31, 2022 this amount is increased to $\$ 92,000$ ). For tax years beginning January 1,2023 , the Commissioner is required to biennially adjust the filing threshold using the Consumer Price Index, Northeast Region. Business organizations, however, that realize a gain or loss on the sale or exchange of an interest in the business organization shall file a return for the taxable period, regardless of whether or not the business organization's gross business income is in excess of the threshold during the taxable period.

## BUSINESS ENTERPRISE TAX - RSA CHAPTER 77-E

In 1993, a $0.25 \%$ tax was enacted on taxable enterprise value tax base, which is the sum of all compensation paid or accrued, interest paid or accrued, and dividends paid after special adjustments and apportionment. Chapter 17, Laws of 1999 increased the rate from $0.25 \%$ to $0.5 \%$. The rate was increased to $0.75 \%$ in 2001. For taxable periods ending on or after December 31, 2016, the Business Enterprise Tax (BET) rate was reduced to $0.72 \%$. For taxable periods ending on or after December 31, 2018, the BET rate was reduced to $.675 \%$, because, in accordance with Chapter 274:24, Laws of 2015, the amount of combined unrestricted general and education trust fund revenue collected for the biennium ending June 30, 2017 was more than $\$ 4.64$ billion. For taxable periods ending on or after December 31, 2019, the BET rate is reduced to $0.60 \%$. For taxable periods ending on or after December 31, 2022, the BET rate is reduced to $0.55 \%$. In 2001, the filing threshold increased to $\$ 150,000$ (from $\$ 100,000$ ) of gross business receipts or $\$ 75,000$ (from $\$ 50,000$ ) of the enterprise value tax base. In 2013, the filing thresholds increased to $\$ 200,000$ of gross business receipts or $\$ 100,000$ of the enterprise value tax base. For taxable periods ending on or after December 31, 2022, the filing threshold is increased to $\$ 250,000$ for both the gross business receipts threshold and the enterprise value tax base threshold. Beginning with taxable periods ending on or after December 31, 2015, the Commissioner is required to biennially adjust these filing threshold amounts using the Consumer Price Index, Northeast Region. Four annual estimate payments are required on liabilities greater than $\$ 260$ for taxable periods ending on or after December 31, 2013; paid at $25 \%$ each on the 15 th day of the 4 th, 6 th, 9th and 12th months of the taxable year. The BET return is due at the same time the BPT return is due. The BET may be used as a credit against the BPT under RSA 77-A:5. Any unused portion of the credit may be carried forward and allowed against the BPT for 5 taxable periods from the taxable period in which the BET was paid for credits from taxable periods ending before December 31, 2014, and for 10 taxable periods from the taxable period in which the BET was paid for credits from taxable periods ending on or after December 31, 2014.

## COMMUNICATIONS SERVICES TAX - RSA CHAPTER 82-A

First enacted in 1990 at 5.5\%, this tax was assessed upon two-way communications services. Chapter 158, Laws of 2001, increased the permanent portion of the tax to $4.5 \%$ and continued the surtax of $2.5 \%$, resulting in an overall tax rate of $7 \%$ for the period beginning July 1, 2001 and ending June 30,2003 . A permanent rate of $7 \%$ was passed effective July 1, 2003. Retailers must register with the Department and are required to collect and remit the tax. Communications Services Tax returns must be filed by the retailer on the 15th day of the month for the preceding calendar month unless the average monthly liability is less than $\$ 100$. Any retailer who can reasonably estimate its average monthly liability to be in excess of $\$ 10,000$ is required to make an estimated payment equal to $90 \%$ of the actual tax collected. This payment is due on or before the 15th day of the month during which the liability is incurred.

## EDUCATION PROPERTY TAX - RSA 76:3

Under Chapter 17, Laws of 1999, the Education Property Tax was established. The tax is assessed and collected by municipalities to be retained for use by their local school districts. The rate was originally $\$ 6.60$ per thousand of equalized valuation without utilities. The tax appears on the same bill with the other property taxes administered at the local level. The effective date of this tax was April 1, 1999. The sunset provision of the Education Property Tax was repealed, making the tax a permanent revenue source dedicated to funding education. As of April 1, 2005, the rate was $\$ 3.33$ per $\$ 1,000$. Beginning July 1, 2005, and every fiscal year thereafter, the Commissioner is required to set the education tax rate at a level sufficient to generate revenue of $\$ 363,000,000$. However, for the fiscal year ending June 30, 2023, the Commissioner shall set the education tax rate at a level sufficient to generate $\$ 263,000,000$.

## INTEREST \& DIVIDENDS TAX - RSA CHAPTER 77

The Interest \& Dividends (I\&D) Tax, which was first enacted in 1923, applied a tax based on the "average rate of property taxation" upon the income and dividend income received by New Hampshire residents from sources other than New Hampshire and Vermont banks. The tax was changed significantly in FY 1995 to eliminate the exemption on income from New Hampshire and Vermont banks. In conjunction with this change, the personal exemption increased from \$1,200 to $\$ 2,400$. The exemption for joint filers increased from $\$ 2,400$ to $\$ 4,800$. Estimated I\&D Tax payments are due on tax liabilities greater than $\$ 500$ on the $4^{\text {th }}, 6^{\text {th }}, 9^{\text {th }}$, and $12^{\text {th }}$ months of the tax year, unless the taxpayer is a calendar year taxpayer in which case the final payment is due on January $15^{\text {th }}$ following the tax year. The I\&D Tax return is due on the $15^{\text {th }}$ day of the $4^{\text {th }}$ month following the tax year. Additional exemptions are available for residents who are 65 years of age or older, who are blind, or who are disabled, unable to work, and have not yet reached their 65th birthday. The current tax rate of $5 \%$ has remained the same since FY 1977. For taxable periods ending on or after December 31, 2013, trusts are no longer taxable under the I\&D Tax. Instead, interest and dividend income received by the grantors or beneficiaries of trusts, to the extent that they are inhabitants or residents of New Hampshire, is subject to taxation. Chapter 91:89102 was enacted during the 2021 legislative session, which phases out the I\&D Tax over several years. The I\&D Tax rate is reduced to $4 \%$ for taxable periods ending on or after December 31, 2023, 3\% for taxable periods ending on or after December 31, 2024, 2\% for taxable periods ending on or after December 31, 2025 and 1\% for taxable periods ending on or after December 31, 2026. The I\&D Tax is then repealed for taxable periods beginning after December 31, 2026.

## LOCAL PROPERTY TAX - RSA CHAPTER 76

Property taxes, based upon local assessed valuations, are administered and collected by the individual cities and towns. The majority of property taxes collected are based on the market
value of the property at its highest and best use. Some property taxes, however, are based on the market value of a property's actual use, such as:

- Current use assessments under RSA Chapter 79-A for certain farm land, forest land, and unproductive land. The program is for properties dedicated to remaining as open space. A Land Use Change Tax of $10 \%$ of the market value of the property is charged upon the occurrence of a disqualifying event (usually a development, use or sale of a portion of a property). Typically ten acres or more of dedicated land is required. Application to local officials on or before April $15^{\text {th }}$ is required.
- Taxes on the value of standing timber assessed under RSA Chapter 79. These are assessed by local officials, at a rate of $10 \%$ of the value of the standing timber. The annual filing of an intent to cut and the subsequent report of timber cut are required.
- Taxes on the value of gravel and excavated materials assessed under RSA Chapter 72-B. These are assessed at a rate of $\$ .02$ per cubic yard of earth excavated.

## Local Property Tax Exemptions, Credits and Deferrals

## Elderly Exemption - RSA 72:39-a

Effective July 23, 1996, RSA 72:39-a replaced the Standard, Expanded, Adjusted and Optional Adjusted Elderly Exemptions. The statute sets the minimum exemption, which the cities and towns may modify as follows:

- Different dollar amounts for qualified residents ages 65-75, 75-80, and 80 or older;
- Net income limitations, including social security or pension payments; and
- Net asset limitations.

Blind Exemption - RSA 72:37
The exemption for the legally blind must be adopted by the municipality. The exemption is a minimum $\$ 15,000$ reduction of the assessed value of residential real estate (as defined in RSA 72:29, II) and could be higher if modified by the municipality.

## Deferral for the Elderly or Disabled - RSA 72:38-a

Property taxes are deferred and accrue interest at the rate of $5 \%$ per annum for qualifying taxpayers. The deferred property tax may not exceed more than $85 \%$ of the equity value of the residence. If granted by the assessing officials, the deferral is available to any resident property owner who is 65 years or older or eligible under the federal Social Security Act for benefits for the disabled, has owned the home for at least 5 years (or one year if eligible under the federal Social Security Act), and is currently residing there.

## Veterans' Tax Credits and Disabled Exemption

Qualified residents are entitled to the following tax credits in the following amounts, which are to be deducted from their tax bills:

- RSA 72:28 - The standard veterans' tax credit in the amount of $\$ 50$ unless, alternatively, the municipality adopts the optional veterans' tax credit which is an amount from $\$ 51$ up to \$750;
- RSA 72:28-b - The all veterans' property tax credit if adopted by the municipality, in the amount of the standard or optional veterans' tax credit in effect in the municipality;
- RSA 72:28-c - The combat service tax credit if adopted by the municipality, in an amount from \$50 up to \$500;
- RSA 72:29-a - The standard surviving spouse tax credit in the amount of $\$ 700$ unless, alternatively, the municipality adopts the optional surviving spouse tax credit which is an amount from $\$ 701$ up to $\$ 2,000$; and
- RSA 72:35 - The standard service-connected total disability tax credit in the amount of \$700 unless, alternatively, the municipality adopts the optional service-connected total disability tax credit which is an amount from $\$ 701$ up to $\$ 4,000$.

Certain Disabled Veterans' Exemption under RSA 72:36-a: A resident discharged under conditions other than dishonorable or honorably separated from military service, who is $100 \%$ totally and permanently disabled from service connection, who is a double amputee, paraplegic, or has blindness of both eyes with visual acuity of $5 / 200$ or less as the result of service connection, and who owns a specially adapted home acquired with the assistance of the United States Department of Veterans Affairs is exempt from all taxation on that home.

## Tax Exemption for Improvements to Assist Persons with Disabilities - RSA 72:37-a

This exemption is limited to any increase in the assessed value of residential real estate owing to improvements made by the resident owner for the purpose of assisting a person with a disability who also resides on the residential real estate.

Tax Exemptions for Wind-Powered, Solar, and Woodheating Energy Systems RSAs 72:66, 72:62, 72:70

These exemptions are optional to the cities and towns, and must be voted upon locally.

## Tax Exemption for the Disabled - RSA 72:37-b

This exemption is available to persons eligible under the federal Social Security Act for benefits to the disabled. It is applicable only on the applicant's principal place of abode. The exemption is optional and must be voted on by the municipality, which also determines the amount of the exemption and the income/asset limitations.

## MEALS \& ROOMS (RENTALS) TAX - RSA CHAPTER 78-A

The Meals and Rooms (Rentals) (M\&R) Tax was enacted in 1967 at a rate of 5\%. The tax is assessed upon patrons of hotels, restaurants, and motor vehicle rental establishments on certain rentals of rooms and motor vehicles, and upon meals costing $\$ .36$ or more, but collected and remitted to the State by operators. Chapter 330:1, Laws of 1977, increased the tax rate from 5\% to $6 \%$. Chapter 568:150, Laws of 1981, increased the rate from $6 \%$ to $7 \%$, Chapter 8:1, Laws of 1990, Chapter 354:12 Laws of 1991, Chapter 350:36, Laws of 1993, Chapter 96:1, Laws of 1995, Chapter 132, Laws of 1997 imposed a rate of $8 \%$ for every biennium beginning April 1, 1990. Chapter 17, Laws of 1999 fixed the $8 \%$ and removed the biennial time frame. Chapter 144, Laws of 2009, increased the rate from $8 \%$ to the rate of $9 \%$. Chapter 91:103-105, Laws of 2021 reduces the rate to $8.5 \%$ for taxable periods beginning on or after October 1, 2021. An M\&R Tax operator's license is required. The M\&R Tax is required to be remitted to the State on the 15th day of the month following the collection of tax, accompanied by the M\&R Tax return. An M\&R Tax operator is required to maintain books and records showing the amount of tax collected and to remit the tax monthly to the State, less a $3 \%$ commission if the return and payment are filed both timely and electronically.

## MEDICAID ENHANCEMENT TAX - RSA CHAPTER 84-A

The Medicaid Enhancement Tax (MET) was enacted in 1991 at a rate of $8 \%$ of gross patient services revenue of every hospital. In 1993, the rate was changed to be established by legislation each biennium upon the gross patient services revenue of every hospital for the hospital's fiscal year ending during the first full calendar year preceding the taxable period. If the Legislature failed to set the rate of tax on or before April 1, preceding the first fiscal year of the biennium, the tax rate was to be zero for that biennium. In no event was the rate of the tax to be greater than 6 percent for any biennium. In 1998, the law was amended to require the Legislature to set the tax rate on or before May 1. In 2003, the tax rate was changed to $6 \%$ of gross patient services revenue. In 2004, the $6 \%$ tax on gross patient services revenue was changed to a $6 \%$ tax upon the "net" patient services revenue of every hospital. In 2007, the tax rate was reduced to $5.5 \%$ of net patient services revenue. For taxable periods ending June 30, 2014 and prior, hospitals were required to pay $100 \%$ of the tax due for the taxable period no later than the $15^{\text {th }}$ day of the fourth month of the taxable period and were required to file a tax return with the Department on or before the $10^{\text {th }}$ day of the month following the expiration of the taxable period. For taxable periods beginning July 1, 2014 and after, special hospitals for rehabilitation are no longer included in the definition of "hospital" and hospitals are required to file a return on or before the $15^{\text {th }}$ day of April in the taxable period. In addition, every hospital shall on or before January 15 in the taxable period make a nonbinding estimate of its projected tax payment. The tax rate decreased to $5.45 \%$ for the taxable period ending June 30,2016 , and to $5.4 \%$ for the taxable period ending June 30, 2017, and for every taxable period thereafter.

REAL ESTATE TRANSFER TAX - RSA CHAPTER 78-B

The Real Estate Transfer Tax (RETT) was first enacted in 1967. Chapter 17, Laws of 1999, increased the permanent tax rate assessed on the sale, granting, and transfer of real estate and any interest in real estate to $\$ .75$ per $\$ 100$, or fractional part thereof, of the price or consideration. This rate is assessed on both the buyer and seller for a combined tax rate of $\$ 1.50$ per $\$ 100$. Where the price or consideration is $\$ 4,000$ or less, there is a minimum tax of $\$ 20$ assessed on both the buyer and seller. The tax is paid at the Registry of Deeds office in the county where the property is located. A Declaration of Consideration (Form CD-57) must be filed with the Department by both the purchaser and seller no later than 30 days from the recording of the deed at the Registry of Deeds or transfer of real estate, whichever is later.

## RAILROAD TAX - RSA CHAPTER 82

Every railroad, railway, express, and every parlor, sleeping or dining car company, or other company not a railroad company owning any cars operated for profit on any railroad in this state shall pay an annual Railroad Tax. The Railroad Tax is assessed on the market value of the property and estate in this state of any such company as of April 1 of each year. The tax is imposed at the average rate of taxation at that time upon other property throughout the State. Railroad "property" applies to both railroad companies (an enterprise, corporation, partnership, etc.) and private rail cars operated for profit on any railroad in the State.

## TOBACCO TAX - RSA CHAPTER 78

The Tobacco Tax is a direct tax upon the consumer at retail. However, it is pre-collected and paid by the wholesaler. It is presumed the Tobacco Tax has been pre-collected and paid by the wholesaler by the affixing of a Tobacco Tax stamp on the tobacco product. The Tobacco Tax was first enacted in 1939. Originally the tax was based upon the value at the usual selling price of all tobacco products. In 1975, the tax was changed to a flat rate of $\$ 0.12$ per package of 20 cigarettes. At that time, there was no tax on other tobacco products. Over the next 34 years the tax was increased from $\$ 0.12$ to $\$ 1.78$ per package. In 2011, the Tobacco Tax rate was decreased from $\$ 1.78$ to $\$ 1.68$ for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes. As of August 1, 2013, the Tobacco Tax rate increased from $\$ 1.68$ back to $\$ 1.78$ for each package containing 20 cigarettes, per Chapter 224:379 through 381, Laws of 2011. In 1991, the Legislature enacted a tax on tobacco products other than cigarettes (OTP Tax) at the rate "proportional to the cigarette tax, having such ratio to the usual wholesale price of the tobacco product other than cigarettes as the cigarette tax bears to the usual wholesale price of the cigarettes." In 2003, the OTP Tax was changed to $19 \%$ of the wholesale sales price. The OTP Tax rate was changed again in 2009 to $48.59 \%$ of the wholesale sales price, and then in 2010 to a rate of $65.03 \%$ of the wholesale sales price. In 2011, the OTP Tax rate was decreased to $48 \%$ of the wholesale sales price. As of August 1, 2013, the OTP Tax rate increased from $48 \%$ back to $65.03 \%$ of the wholesale sales price, per Chapter 224:379 through 381, Laws of 2011. Chapter 346, Laws of 2019 amends the Tobacco Tax to include electronic cigarettes effective January 1, 2020. Electronic cigarettes are treated as OTP but subject to different tax rates under RSA 78:2, II, one for closed cartridges or containers that are not intended to be opened (or "closed system" devices), and the other for containers that are intended
to be opened ("open system" devices). For closed system devices, the tax is imposed at a rate of $\$ 0.30$ per milliliter on the volume of the liquid or other substance containing nicotine in the cartridge or container. For open system devices, the tax is imposed at a rate of $8 \%$ of the wholesale sales price of the container of liquid or other substance containing nicotine. Wholesalers are required to report their tax liability for the collection of the OTP Tax on a monthly basis. The return is due on or before the 15th day of the month following the end of the reporting period. Wholesalers may file quarterly, but permission to file quarterly must be pre-approved, in writing, by the Department.

## UTILITY PROPERTY TAX-RSA CHAPTER 83-F

Utility property is defined, in part, as "all real estate, buildings and structures, machinery, dynamos, apparatus, poles, wires, fixtures of all kinds and descriptions, and pipe lines located within New Hampshire employed in the generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combinations thereof, water, or sewage subject to tax under RSA 72:6, $72: 7$ and $72: 8$, but not exempt under RSA 72:23," excluding water and air pollution control facilities exempt from local property taxation under RSA 72:12-a. In 2011, "utility property" was amended to also exclude: the electrical generation, production, and supply equipment of an "eligible customer-generator" as defined in RSA 362-A:1-a, II-b; property used for the retail distribution of fuel for personal, non-commercial use, use as a fuel in a motorized vehicle, home cooking, or heating; and that portion of a manufacturing establishment's generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combinations thereof, water, or sewage subject to tax under RSA 72:6, 72:7, and 72:8, but not exempt under RSA 72:23, that is expended, used, or consumed on-site primarily for the operation of the manufacturing establishment and that does not otherwise enter the stream of commerce.

The Utility Property Tax rate is $\$ 6.60$ per $\$ 1,000$ of value of utility property. On December 1 of each year the Department determines the market value of utility property as of the previous April 1. The tax is due annually on or before January $15^{\text {th }}$. Every utility or property owner required to pay Utility Property Tax must file a declaration of its estimated Utility Property Tax for the subsequent taxable period, accompanied by payment of $1 / 4$ of the estimated tax due, on or before April 15 of each year. Additional quarterly estimated payments of the Utility Property Tax are due on June $15^{\text {th }}$, September $15^{\text {th }}$, and December $15^{\text {th }}$.

## New Hampshire FY 2022 Legislative Session in Review

## BUSINESS TAX

SB 435 (Chapter 241) modifies the calculation of net operating loss carryover (NOL) for determining taxable business profits under the Business Profits Tax by only apportioning the NOL in the year incurred and conforming the NOL calculation to the Internal Revenue Code in effect, as defined in RSA 77-A:1, XX.

Statute Amended: RSA 77-A:1, IV and RSA 77-A:4, XIII
Effective Date: July 1, 2022 (shall apply to business organizations' tax years ending on or after December 31, 2022)

HB 102 (Chapter 12, Sections 1-3) establishes a commission to study worldwide combined reporting method for unitary businesses under the Business Profits Tax (BPT). The commission shall study the replacement of the current water's edge method with a worldwide combined reporting method for apportionment of income under BPT.

Statute Added: RSA 77-A:23-b
Effective Date: April 11, 2022

HB 102 (Chapter 12, Sections 4-5) includes moneys or property received by a regulated public utility which provides water or sewerage disposal services as "contribution to the capital of the business taxpayer" in the determination of the business organization's gross business profits. To qualify, such moneys or property received shall be either a contribution in aid of construction or a contribution by a governmental entity to the capital of the utility. At the same time, no deduction or credit shall be allowed for expenditures which constitutes contribution in aid of construction.

Statute Added: RSA 77-A:3-d
Effective Date: April 11, 2022 (applicable to contributions made on or after January 1, 2021)

HB 1063 (Chapter 16, Section 1) accommodates the ability to electronically submit the Research and Development Credit application by replacing the June $30^{\text {th }}$ application deadline requirement from "postmarked" to "filed".

Statute Amended: RSA 77-A:5, XIII(a)(3)
Effective Date: April 11, 2022

HB 1063 (Chapter 16, Section 3) eliminates the requirement for the Department to issue a notice of refund when a claim of refund is refunded or granted as a credit in full. A notice will only be issued when the claim is completely or partially denied.

Statute Amended: RSA 21-J:28-a, II
Effective Date: April 11, 2022

HB 1221 (Chapter 189, Section 1) reduces the rate of the BPT for taxable periods ending on or after December 31, 2023 to 7.5\%.

Statute Added: RSA 77-A:2, III
Effective Date: June 17, 2022 (applicable to taxable periods ending on or after December 31, 2023)

## MUNICIPAL AND PROPERTY

SB 239 (Chapter 127, Section 2) requires notification by each city, town, school district, village district, county, or precinct to the Department of a completed audit under RSA 21-J:19 or RSA 21$\mathrm{J}: 20$, and establishes a fine for failure to complete a required audit.

Statute Added: RSA 21-J:20-a
Effective Date: May 27, 2022
SB 312 (Chapter 163) provides that the assessors and selectmen shall, as part of creating an annual revised inventory of taxable property, correct any errors in existing appraisals.

Statute Amended: RSA 75:8, 1
Effective Date: August 6, 2022
SB 317 (Chapter 164) reduces the interest rate applied to the amount of paid property taxes abated by a municipality from $6 \%$ to $4 \%$ per annum.

Statute Amended: RSA 76:17-a
Effective Date: April 1, 2022 (apply to taxable periods beginning on or after April 1, 2022)

HB 410 (Chapter 49) establishes a commission to study the assessing of power generation and utility transmission. The commission shall determine the most accurate methodology for assessing power generation assets and utility transmission, compare the efficacy of the Department's approach to assessing the assets with the approach utilized by the municipalities, study the approach used by other states, and recommend a unified approach for the Department and the municipalities.

Statute Added: RSA 72:8-f
Effective Date: May 20, 2022
HB 1063 (Chapter 16, Section 4) clarifies that for redevelopment district bonds issued from an unincorporated place, the manner of sale and terms of any bonds issued by the county, the amount of assessment, payment terms and method of collection shall be established in a financing plan prepared by the project developer or developers.

Statute Amended: RSA 33:20
Effective Date: April 11, 2022

HB 1667 (Chapter 121) clarifies that veterans as defined in RSA 21:50 who served in any active duty status and who continue to serve qualify for the veteran's property tax credits. This expanded definition shall apply to the Standard Veterans' Tax Credit without any action from municipalities. Municipalities that had previously adopted the Optional Veterans' Tax Credit or the All Veterans' Tax Credit, shall readopt these local options to continue to provide such credits to the qualified veterans in their community.

Statute Amended: RSA 72:28, IV, RSA 72:28-b, IV
Effective Date: July 26, 2022

Statute Added: RSA 78-F:1
Effective Date: June 17, 2022

## DRA HIGHLIGHTS FY 2022

DRA Revenue Information Management System. The DRA continued to focus on the success of the new Revenue Information Management System (RIMS) and rolled out the third and final phase in August 2021, encompassing the Tobacco/Smokeless Tobacco Tax, Real Estate Transfer Tax, Railroad/Private Car Tax, Utility Property Tax, Excavation Tax, Timber Tax, Low \& Moderate Income Homeowners Property Tax Relief Program, and two previously manual processes. The online user portal, Granite Tax Connect (GTC) allows taxpayers and practitioners to complete tasks online, such as file taxes electronically, schedule automated online payments, and view correspondence from NHDRA. GTC now even accepts orders for tobacco stamps from wholesalers! Learn more about the project on page 32.

DRA Initiatives. The Audit Division piloted a new program that allowed selected taxpayers, in lieu of a traditional audit, to opt into an arrangement where a more limited review of their meals and rooms tax returns was conducted and their future monthly tax returns were monitored for compliance on an ongoing basis. The innovative evaluation method generated an increase in roughly $20 \%$ of all cases during the fiscal year and resulted in an upswing of reported tax, ranging from $25-40 \%$ compared to similar periods from prior years. The Department received an award from the Federation of Tax Administrators in recognition of this "monitor forward" program.

Legislative Initiatives. As part of the DRA's role in administering the tax laws of the state of New Hampshire, we have a statutory duty to formulate and recommend legislation to improve tax administration in our state. During the 2022 Legislative Session, the DRA sought sponsorship of certain legislations covered under HB 1063. Those legislations change the filing requirement of the Research and Development Credit application from using the term "postmarked" to the term "filed" to allow for electronic submission, remove an obsolete tax rate reference of $9 \%$ in the Meals and Rooms tax law, and dispense with the requirement for the DRA to issue a notice of refund when a claim for refund or grant of credit is made in full. HB 1063 was passed and signed into law with the effective date of April 11, 2022.

The Legal Bureau

The Office of Revenue Counsel (the Legal Bureau) provides legal advice and representation to the Department, including rendering advice and legal opinions to Department personnel; managing bankruptcy cases; responding to Right-to-Know requests; representing the Department before the Board of Tax and Land Appeals (BTLA) and the Department's Hearings Bureau; and providing assistance and advice to the Commissioner's Office, the Municipal and Property Division (M\&P Division), and to other divisions in connection with audits and other stages of the enforcement and administration of tax laws. In addition, the Legal Bureau coordinates and assists with the Department of Justice's representation of the Department before state and federal courts and acts as co-counsel in certain cases.

During FY2022, the Legal Bureau represented the Department in administrative tribunals concerning tax assessments and license actions, challenges to state taxing statutes, and complex collection matters, and managed bankruptcy cases in which the Department is a creditor. In addition, the Legal Bureau represented the M\&P Division in several utility property tax appeals and advised the Division concerning a significant number of municipal warrant articles and budget procedures.

## Noteworthy Cases from FY2022

## State of New Hampshire v. Jason Curtis; Merrimack Superior Court

Jason Curtis was indicted and arraigned on 25 counts of conspiracy to commit tax evasion, 25 counts of conspiracy to commit perjury in a tax report, one count of solicitation to falsify evidence, and one count of witness tampering relating to his timber harvesting activities in multiple locations around the state between 2013 and 2017. The Legal Bureau assisted the Department of Justice in securing these important indictments.

## In re City of Berlin; Board of Tax and Land Appeals

A taxpayer complained to the BTLA that members of the City of Berlin Board of Assessors granted their own abatement applications without third party review in circumstances that appeared to yield an improper and inequitable result. The Legal Bureau successfully negotiated a settlement of outstanding issues from the 2019 litigation which resulted in a Board ordered revaluation of the City for 2022.

Town of Littleton v. Sweet et al.; Grafton Superior Court

The Department successfully intervened in a case brought by the Town of Littleton seeking a determination that the Water \& Light Dept is a department of the Town which must comply with the requirements of the Municipal Budget Act. Litigation has advanced and the parties are moving for summary judgment.

The Legal Bureau assisted the Municipal and Property Division in disallowing two warrant articles for appropriations to the Woodsville Fire District. Woodsville sought a hearing on the disallowance which will occur in fiscal year 2023.

## PA-71 Proceedings

The Legal Bureau assisted the M\&P Division in various cases of charges of misconduct brought against assessors pursuant to RSA 21-J:14-g. Sanctions for misconduct were agreed to in one case as summarized in the table below:

| Year | Finding/Decision | Type of Discipline | Amount of Discipline | Asb Rule |
| :---: | :--- | :---: | :--- | :---: |
| 2021 | Consent | Remedial education | Continuing education <br> course. | $307.02(\mathrm{e})$ |

Several other cases are pending with investigations and discussions for resolutions underway. Pursuant to HB 1552, the program for disciplining assessors for misconduct will transition to the Office of Professional Licensing and Certification during FY 2023.

## Bankruptcy Cases

The Legal Bureau filed 18 Proofs of Claim in United States Bankruptcy Courts throughout the United States for unpaid taxes, penalties, and interest in an amount exceeding $\$ 662,533$, and collected claims from bankruptcy cases in an amount over $\$ 3.9$ million. One of these cases involved extensive bankruptcy litigation concerning an objection to DRA's claim, which the Legal Bureau handled in conjunction with the Department of Justice. In another matter, the Legal Bureau successfully thwarted a chapter 11 debtor's attempt to avoid a significant Real Estate Transfer Tax liability through means of a bankruptcy sale.

## Utility Property Tax Appeals

The complexity of Utility Property Tax appeals is a laborious process requiring significant time and investment. The Legal Bureau handled three utility property tax appeals for Utility Property Tax Year 2021 (April 1, 2021 - March 31, 2022), and settled four cases. In these contested matters, the Legal Bureau worked with the Department's utility property appraisers to achieve favorable results for the Department.

## Right to Know Requests

The Legal Bureau responded to 155 requests for government records pursuant to RSA 91-
A:4 over the course of the past year. Some of these requests involved voluminous records and contested issues.

Appeals from Final Orders, Board of Tax and Land Appeals

The Legal Bureau litigated 2 appeals to BTLA from Meals and Rentals tax operators license renewal denials and appeals of assessments, one of which was settled favorably and another remains on-going.

The Legal Bureau coordinated with the Department of Justice on two Superior Court tax appeals.

Great River Hydro LLC v. Department of Revenue Administration.
The taxpayer has appealed it UPT assessment to the Cheshire Superior Court. The M\&P
Division determined that the taxpayer's utility property had a value of $\$ 527,239,200$ for tax year 2018. The Hearing Officer agreed. At stake is over $\$ 3.4$ million in utility property tax. Proceedings before the Superior Court are on-going.

## Aldean Khater v. Department of Revenue Administration

Additional tobacco tax and business tax was assessed against Khater and the Department's Hearing Officer denied his appeal. He subsequently appealed to a Massachusetts superior court. Khater is subject to a criminal restitution order in excess of $\$ 12$ million. Efforts are being made by the Legal Bureau to enforce that judgment.

## Criminal Investigations and Prosecutions

With the assistance of the Department of Justice, the Legal Bureau conducted extensive investigations into criminal violations of New Hampshire tax laws, including one case that resulted in a 52 count criminal indictment of a logger accused of timber tax fraud.

## Collection Matters

The Legal Bureau provided representation and counsel to the Department in negotiating and documenting favorable settlements to collect significant sums owed by taxpayers.

## Declaratory Rulings

The Legal Bureau received two Petitions for Declaratory Rulings filed under Rev. 209. One of the requests was denied and one is still pending.

## Hearings Bureau

During FY 2022, the Hearings Bureau continued to strive to provide better service to the taxpayer given our available resources. We have continued to review administrative tasks and workflow to ensure that our processes are as lean and efficient as possible to maximize our productivity.

In FY 2022, with respect to taxpayer petitions, the time to produce a final order after the close of the record averaged 111.15 days, which is a decrease of $32.36 \%$ from the time it took to produce an order from FY 2021. Although our goal for FY 2022 for taxpayer petitions was to produce final orders within an average of 90 days after the close of the record, there were several older complex cases that were issued during this period. With respect to cases involving license denials, suspensions, revocations, and tobacco seizures, the time to produce a final order after the close of the record averaged 13.77 days. Our goal for cases involving license denials, suspensions, revocations, and tobacco seizures was to produce final orders within an average of 14 days after the close of the record. The total number of final orders issued in FY 2022 increased by $136.36 \%$ from the number issued in FY 2021. The number of docketed appeals filed in FY 2022 increased by 28.31\% from the number filed in FY 2021.

During FY 2022, we implemented a new version of our case management software, replacing the version from 1995, which required an overhaul, reorganization, and change to our template system, as well as modifications to all the templates to integrate with our reporting with the new system as some functionality of the older software had been retired. While this was time consuming, it provided the Hearings Bureau with a huge benefit, as it has streamlined monthly reporting and has reduced the amount of personnel time needed each month. In addition, the new features of the software have eliminated the necessity of manually maintaining an electronic index of final orders, as all documents are now searchable by keyword.
We continue work on implementing an electronic indexing and filing system for older paper case files to quickly access older information which existed prior to implementation of our electronic case management systems, and we continue to catalog those cases as time permits.

The Hearings Bureau's goals for FY 2023 are to maintain an appeal process that provides a fair and efficient system, timely performance, and ensures the highest degree of confidence in the integrity of the system. This includes continuing to streamline administrative processes to allow us to meet our goal of issuing Final Orders in a timely manner.

The following statistics summarize the activity of the Hearings Bureau during the past fiscal year as compared to the prior fiscal year:

|  | FY 21 | FY 22 | \% of <br> Change |
| :--- | :---: | ---: | ---: |

## The Collection Division

The mission of the Collection Division is to ensure taxpayer compliance with the tax laws of New Hampshire by fairly and effectively recovering overdue taxes through the uniform application of state laws, rules, and policies.

The division is primarily responsible for collecting delinquent notices of assessment resulting from tax returns, following up on unfiled Meals and Rentals (M\&R) tax returns, selling tobacco stamps, and licensing and educating M\&R operators charging for taxable meals, room rentals, and motor vehicle rentals.

| :--- |

The Collection Division resumed pre-COVID activities this fiscal year, increasing field work and normal collection remedies. While there were a few personnel changes making training a priority, the division was able to increase in most areas and strived to give taxpayers the same level of attention and customer service.

The third and final rollout of the Revenue Information Management System (RIMS) in August 2021 focused on the Tobacco Tax functional changes, which through the licensing process and tax stamp sales, is a primary function of the division. With the assistance of a vendor, tobacco stamp orders can now also be received and filled off site while still being reviewed and approved by the DRA through the expanded functionality of RIMS. Additionally, the process to transfer accounts to the outside collection agency has been enhanced and is no longer a manual process.

These systematic changes will allow the division to focus on increasing collection activity and overall productivity.

## The Taxpayer Services Division

The mission of the Division of Taxpayer Services is to continuously improve taxpayer experiences through efficient data processing, accurate account maintenance and exemplary customer service.

The Division operates two high speed scanners that allow employees to scan, validate and process large volumes of tax forms more efficiently. With the introduction of RIMS, we have identified new ways of using this technology to increase efficiency and provide added transparency when managing our workload. For example, prior to RIMS, all taxpayer correspondence was manually transmitted to the unit responsible for that work. Now, we scan that same correspondence, which creates a "work item" in RIMS that is prioritized according to configurable business rules and assigned to the appropriate unit systematically through the Task Management feature. This eliminates the manual process of transmitting paper throughout the building and provides management the ability to monitor workload and manage priorities with a click of a button.

The mission of the Municipal and Property Division is to assure fairness, equity and proportionality in the assessment and collection of property taxes and the administration of municipal finances in the state by establishing tax rates, providing technical assistance and education to municipal officials, monitoring revaluations, reviewing assessment practices, equalizing local assessed valuation, appraising public utility and railroad property, and administering timber and gravel taxation.

The Division consists of two bureaus, Municipal and Property.
The Municipal Bureau establishes and approves municipal, school, county, state education and village district tax rates. It provides technical assistance on taxation and finance to the approximately 564 political subdivisions of the state, and the general supervision of municipal tax collectors. Other services include:

- Prescribing a uniform chart of accounts for all municipalities.
- Establishing a standard technical assistance manual for municipalities' use.
- Reviewing trustee reports of municipal trust funds in conjunction with the Department of Justice Charitable Trust Unit.
- Conducting workshops and seminars for municipal officials, including selectmen, budget committees, trustees of trust funds, tax collectors, and school officials.

The Property Appraisal Bureau oversees the assessment review process and monitors revaluations and revaluation contracts, as well as the following specialized services:

- The Equalization Group determines the total equalized value of all taxable property within the state on an annual basis. This allows shared tax burdens, such as the state education tax and county property taxes, to be apportioned at a single standard, market value. The equalization process includes compiling assessment data, conducting ratio studies and preparing statistical reports.
- Utility Appraisers value all utility and railroad properties to determine the correct assessment of RSA 82 Railroad Taxes and RSA 83-F Utility Property Taxes.
- Provides administrative, technical and enforcement support to all municipalities in their assessment and collection of the RSA 79 Timber Tax and the RSA 72-B Excavation Tax.
- Provides direct education on property assessments to municipal officials and assessors, as well as taxation and finance professionals.
- Provides support to two administratively attached boards, the Assessing Standards Board (ASB) and the Current Use Board (CUB).

## Accomplishments of FY 2022 Municipal and Property Division

The Division had some significant accomplishments in their efforts to improve services to municipalities and municipal officials and to improve transparency. Some of these efforts are completed while others are ongoing. During FY 2022, the Division accomplished the following:

- The State of Emergency issued in 2020 due to COVID-19 was lifted. However, several protocols ensuring the health and safety of Division employees remained in place, such as refraining from conducting interior property inspections and inperson meetings.
- Offered continuing educational courses for assessors and municipal employees.
- Maintained timely filing of municipal finance reports and completing tax rates.
- Audited and appraised $\$ 6.5 \mathrm{~B}$ in utility property, railroad property and railcar company assets resulting in billing $\$ 43 \mathrm{M}+$ in utility and railroad property taxes.
- Additional projects included holding public hearings on the valuation of regulated public utilities, the capitalization rates for low-income housing tax credits (LIHTC), and the determination of the value of telecommunications poles and conduits. Also, provided administrative support for the Assessing Standards Board and Current Use Board, which include rulemaking and the setting of current use values, and assisting other State agencies with special appraisal projects within our area of expertise.
- Collaborated with vendor, Axiomatic, to analyze the feasibility of developing a new utility valuation software system.
- The Department completed the third and final implementation phase of the Revenue Information Management System (RIMS), which included converting the tax systems that involve the Municipal and Property Division. Replacing the legacy system and disparate databases allows the division to now streamline utility processes, certification of assessors, assessment review, and timber and gravel information and functions.
- The Timber Group participated in a NHMA webinar and provided numerous other educational opportunities for municipal officials and foresters in New Hampshire.

The mission of the Audit Division is to promote taxpayer compliance with New Hampshire's tax laws through fair, impartial, and efficient selection and review of taxpayers' returns; taxpayer education; and discovery of non-filers. The Audit Division is committed to teamwork, professional development, and high standards of professionalism. Audit staff conduct both desk audits and field audits.

Despite some lingering effects of the COVID-19 pandemic, our FY 2022 operations were much closer to pre-pandemic conditions than the prior two fiscal years. Notably, of the four members of our senior staff that had been reassigned to the Governor's GOFERR team, one returned to the Audit Division at the beginning of the fiscal year, while the remaining three returned midway through the fiscal year. Finally, the third rollout of the RIMS system went live right after the start of the fiscal year, making this fiscal year the first with all New Hampshire taxes administered through RIMS.

Despite the Delta and Omicron surges, our GOFERR reassignments, and the final RIMS rollout, the Audit Division was largely able to normalize operations and refocus on its core mission during FY 2022. Audit staff reviewed 529 taxpayers' returns. Of that number, after a full audit, the Audit Division determined that taxpayers' returns in 96 cases were in compliance, and these audits were closed without an assessment or other changes. Another 278 taxpayers' returns were audited with changes, including assessments totaling $\$ 36,723,451$ in tax, interest, and penalties, as well as reductions to refund requests, net operating loss deductions and business enterprise tax credit carry-forwards totaling $\$ 2,676,926$. Of the total assessments, the Audit Division recognized more than $\$ 1.2$ million in what the Department terms "revenue uplift," which consists of payments following an audit where the auditor used new tools and efficiencies from the RIMS implementation. Of the 529 returns reviewed, the Division ultimately did not pursue full formal audits of the remaining 155 , because no material issues were identified.

In addition, the Discovery/Nexus Bureau researched federal and state filings, as well as online resources, to discover non-filers who may have a duty to file and pay New Hampshire business taxes, meals and rooms taxes, or interest and dividends taxes. As a result of their efforts in FY 2022, an additional $\$ 7,193,193.39$ in tax, penalties, and interest was collected, of which $\$ 335,377.41$ came in through the voluntary disclosure program. More than $\$ 1$ million of these payments were attributed to revenue uplift, and when
combined with the amounts attributed to auditing (described above), the Audit Division generated more than $\$ 2.2$ million in total revenue uplift.

The Tobacco Unit assisted New Hampshire tobacco licensees with the new processes available to them through RIMS and Granite Tax Connect, including online return filing, reporting, stamp purchasing and stamp redemptions. The Unit also created a process in RIMS for the bi-annual licensing of wholesalers and manufacturers and worked with the Collections Division to implement a more efficient procedure for both the taxpayers and the Department.
Additionally, a member of the Tobacco Unit was appointed to the board of the Federation of Tax Administrators Northeast Region Tobacco Tax Section. Furthermore, the Tobacco Unit conducted 47 compliance checks resulting in seizures of contraband tobacco products at 14 separate locations. The Unit worked with the State Liquor Commission to conduct joint tobacco/liquor investigations and enforce statutory requirements, including the taxation of electronic cigarettes. Finally, the Unit continued to work directly with the New Hampshire Department of Justice to ensure diligent enforcement of the Master Settlement Agreement by tobacco manufacturers and wholesalers.

## Department of Information Technology

## Karen Sampson

Information Technology Manager

Agency Software Division at The Department of
Revenue Administration

The Department of Revenue Administration (DRA), with the support of the Department of Information Technology (DoIT), uses technology to provide an efficient and streamlined end-to-end tax process, which benefits the agency as well as NH taxpayers by providing modernized operations and accurate information.

During FY 2022, DoIT turned off all inquiry access to the 30-year-old legacy Tax Information Management System (TIMS). The IBM Power 8 server will be decommissioned in FY2023. Four members of the DoIT Agency Software Division (ASD) Team embedded at DRA continue to work as full time employees on the Revenue Information Management System (RIMS) support team, one DoIT ASD employee handles all security updates in the new system and one DoIT employee is now responsible for printing, folding, enveloping, and sealing over 200K pieces of mail over the course of a year. The Document Imaging and Electronic Remittance team that consists of three fulltime DoIT employees worked to upgrade the underlying technology of the application to a modern HTML5 environment while managing all updates to DRA tax forms within the scanning application to process paper documents, utilizing barcodes and Optical Character Recognition (OCR). The embedded DoIT team has started to migrate Business Intelligence to Tableau and soon taxpayers will experience dynamic transparency reports on the DRA internet.

Ongoing efforts continue to maintain the highest level of security and comply with IRS Publication 1075 standards. DoIT has introduced changes to improve security on individual devices as well as the entire infrastructure. DoIT/DRA procured a vendor to perform a complete security assessment of the RIMS hardware and software infrastructure as well as penetration testing of the Granite Tax Connect (GTC) application.

In addition to the major projects above, DoIT has upgraded all DRA employees to Office 365.

## RIMS Implementation Complete...What's Next?

On August 9, 2021, DRA went live with its third and final implementation phase of RIMS, converting the Tobacco/Smokeless Tobacco Tax, Real Estate Transfer Tax, Railroad/Private Car Tax, Utility Property Tax, Excavation Tax, Timber Tax, Low \& Moderate Income Homeowners Property Tax Relief Program, and two previously manual processes. This third and final phase is the culmination of a project that began almost a decade ago when factoring in the numerous years of planning and preparation necessary to even get us to the implementation phase. The many years of hard work paid off as we could not be prouder of the end result!

The final phase of this project brings all 16 taxes administered by DRA into one central management system, eliminating the need for approximately 20 disparate systems, and provides our taxpayers with an external facing, smartphone friendly, web portal, also known as Granite Tax Connect (GTC), that allows most taxpayers the convenience of managing their accounts from their kitchen table. The response to this new technology has been tremendous. Since going live with our first rollout in the Fall of 2019, we have more than 28,000 GTC accounts, we've received more than 395,000 GTC filed documents in lieu of paper forms, processed more than \$4.2Billion in electronic payments, and have identified process improvements that have resulted in more than $\$ 4 \mathrm{M}$ in measurable revenue uplift for fiscal year 2022 alone.

What's next you ask? Continuous process improvement! Although this project was highly successful, and we are proud of where we are today, we understand that a project of this magnitude is very rarely perfect right out of the gate. To that end, DRA remains committed to identifying process improvements in RIMS and GTC that will provide a better experience for DRA staff and Taxpayers alike. To lead this effort, we've assembled a tremendous Production Support Team made up of DRA, embedded DoIT, and FAST (vendor) staff that are quick to identify problems and implement solutions. In fact, since going live with our final rollout, we have implemented more than 1,100 system changes or corrections in our commitment to make our system the best that it can be. Some of these changes are as simple as updating the wording in our system generated letters to make them easier for our taxpayers to understand, to the more complex changes that provide our Taxpayers with additional functionality to make their lives easier.

RIMS and GTC have brought our agency to the forefront of tax administration technology, and we're excited to see what the future brings.

The Audit Tobacco Group and members of the Collections Division are responsible for conducting tobacco compliance checks at NH retail locations as part of the diligent enforcement provision of the Master Settlement Agreement (MSA). These checks are to ensure that NH retailers are purchasing tobacco products on which the NH tobacco tax has been paid and to identify product in the state from Non-Participating Manufacturers as outlined in the MSA. When tobacco products are found without the tax paid, it is considered contraband and subject to seizure.

## Low and Moderate Income Homeowners Property Tax Relief Historical Claims Data

The Low and Moderate Income Homeowners Property Tax Relief program (RSA 198:56-57) was designed to lessen the economic burden of the Education Property Tax on certain at-risk taxpayers.

Eligible claimants apply for relief to the New Hampshire Department of Revenue using Form DP-8. Claimants must include a copy of their final property tax bill and federal income tax return for the claim year and any additional documentation as required by law. Completed Forms DP-8 must be postmarked no earlier than May 1, and no later than June 30 following the due date of the final property tax bill.

| Claim Year * | Claims Granted | Total Relief Paid |
| :---: | :---: | :---: |
| 2010 | 12,100 | $\$ 2.3$ million |
| 2011 | 11,622 | $\$ 2.3$ million |
| 2012 | 11,674 | $\$ 2.3$ million |
| 2013 | 10,222 | $\$ 2.0$ million |
| 2014 | 9,414 | $\$ 1.8$ million |
| 2015 | 8,541 | $\$ 1.6$ million |
| 2016 | 7,938 | $\$ 1.4$ million |

## 2021 Tables by County

This report presents the 2021 Tables by County as compiled by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3, XII, which states:
"XII. File with the secretary of state his report showing all the taxable property in the state and its assessed value, in tabulated form, and such other statistics and information as may be deemed of interest. This report shall be filed not later than 30 days after all necessary figures become available."

Annually, each municipality is required to certify to the Department of Revenue Administration the assessed valuation of all taxable property in that municipality. This information is reported on the MS-1 Report, Summary Inventory of Valuation.

Assessment information is also gathered with regards to exemptions and tax credits as well as taxes raised by each municipality. An exemption is an amount deducted from a taxpayer's assessment versus a tax credit which is an amount deducted from the taxes due by a taxpayer.

The following is an explanation of the information contained in this report.
LAND VALUATION: The sum of the taxable land valuations for the following land subcategories:

- RSA 79-A, Current Use
- RSA 79-B, Conservation Restriction
- RSA 79-C, Discretionary Easement
- RSA 79-D, Discretionary Preservation Easement
- RSA 79-F, Taxation of Farm Structures and Land Under Farm Structures
- Residential
- Commercial/Industrial

The values in the above columns are prior to the application of any exemption and do not include any utility land value.

BUILDING VALUATION: The sum of the taxable building valuations for the following building subcategories:

- Residential
- RSA 674:31, Manufactured (MFG) Housing
- Commercial/Industrial
- RSA 79-D, Discretionary Preservation Easement
- RSA 79-F, Taxation of Farm Structures and Land Under Farm Structures

The values in the above columns are prior to the application of any exemptions and do not include any utility building value.

PUBLIC UTILITIES: The figure represents the sum of all utility values classified as PUBLIC WATER, GAS, ELECTRIC, OIL, PIPELINE or OTHER pursuant to RSA 83-F. OTHER utilities include utilities that the Department of Revenue Administration has not appraised. Some examples of OTHER utilities include hydro plants, water and certain gas companies.

MATURE WOOD \& TIMBER: RSA 79:5
GROSS VALUATION: Gross valuation represents the valuation of all taxable property in each municipality prior to adjustments for property tax exemptions.

EDUCATIONAL \& SPECIAL EXEMPTIONS: The sum of the following exemptions granted:

- RSA 72:36-a, Certain Disabled Veterans
- RSA 72:37-a, Improvements to Assist Persons with Disabilities
- RSA 72:38-b, Improvements to Assist the Deaf
- RSA 72:23, IV, School Dining, Dormitory and Kitchen Exemption (maximum \$150,000 per property)
- RSA 72:12-a, Water \& Air Pollution Control Facilities Exemption

MODIFIED ASSESSED VALUATION: Modified assessed valuation represents the sum of the gross valuation minus the educational and special exemptions. The modified assessed valuation is the basis for calculating the equalized values for each municipality.

LOCAL OPTIONAL EXEMPTIONS OR EXEMPTIONS WITH OPTIONAL ELEMENTS: Each municipality has adopted an elderly exemption. The amount of the exemption and the specific criteria (asset and income limits) to qualify are determined locally within statutory requirements. Each municipality may adopt the other exemptions listed below in this section:

- RSA 72:37, Blind Exemption
- RSA 72:37-b, Disabled Exemption
- RSA 72:38-b, Deaf Exemption
- RSA 72:39-a \&-b, Elderly Exemption
- RSA 72:70, Wood-Heating Energy Systems Exemption
- RSA 72:62, Solar Energy Systems Exemption
- RSA 72:66, Wind-Powered Energy Systems Exemption
- RSA 72:23, IV, Additional School Dining, Dormitory and Kitchen Exemption (amount > \$150,000 per property)
- RSA 72:85, Exemption for Electric Energy Storage Systems
- RSA 72:87, Renewable Generation Facilities \& Electric Energy Systems

NET LOCAL ASSESSED VALUATION: Net local assessed valuation represents the sum of the modified assessed valuation minus the value of the blind, elderly and local optional exemptions.

GROSS PROPERTY TAXES: Gross Property taxes represent the sum of the net tax commitment plus the veteran's tax credits. The Department of Revenue's Municipal Services Division establishes the property tax rate using this figure.

LESS VETERANS' TAX CREDITS: Veterans' tax credits represent the sum of tax credits granted pursuant to RSA 72:28; 72:28-b; 72:28-c; 72:29-a; 72:32 and RSA 72:35.

NET TAX COMMITMENT: Net tax commitment represents the sum of gross property taxes minus the sum of the veteran's tax credits. The amount a municipality must actually raise in taxes equals the sum of the amount appropriated by the municipal legislative body minus any revenues.

ACTUAL TAX RATE: The actual tax rate equals the sum of the municipal, county, local and state school education tax rates. This tax rate does not include village district or precinct tax rates.

RESIDENTS TAX: Resident's tax represents the sum of monies collected by a municipality for the Residents Tax pursuant to RSA 72:1.

COUNTY SUMMARY: The county summary represents the totals for each of the above listed columns for all ten counties in the state. The county tax rate listed is the average county tax rate and is calculated by taking the sum of the tax rates for all municipalities in a county and dividing by the number of municipalities.

EDUCATIONAL \& SPECIAL EXEMPTIONS REPORT: This report provides a breakdown of the educational and special exemptions granted by municipalities. These are not optional.

LOCAL OPTIONAL EXEMPTIONS REPORT: This report provides a breakdown of what each municipality currently grants. These are optional and must be adopted by the legislative body of the municipality.

For further explanation about any information contained in this report, please contact the Department of Revenue Administration, Municipal \& Property Division at (603) 230-5950.

## New Hampshire Property Tax Summary

The following explanation summarizes the budget, assessment, equalization and assessment review processes to assist taxpayers in understanding New Hampshire's property tax system.

## STEP I: THE BUDGET PROCESS

Every property owner is responsible for paying a portion of the money necessary to operate their town or city, their school district, their village district (if any) and their county. Each town or city, school district, village district and county must establish a budget, hold public hearings on the budget and submit the budget to their legislative body for approval.

Who are the legislative bodies that vote the appropriations necessary to fund the town or city, school and county budgets? For a town, the annual town meeting is the legislative body, which appropriates money to operate the town. The annual school district meeting does the same for the schools, and the annual village district meeting does the same for districts. Generally for a city, or a town with a town council form of government, the council or board of mayor and alderman vote the appropriations. The county delegation comprised of the State epresentatives from the county, appropriate the money necessary to fund county government. This amount is apportioned to each town or city in that county based on its proportion of the total equalized property value in that county.

It is these appropriations, voted by either your elected representatives at county delegation meetings and council meetings, or voted by you at your annual town and annual school district meetings, which establish the basis for property taxes in New Hampshire.

## STEP II: THE ASSESSMENT PROCESS

Your property taxes are based upon the assessed value of your property as of April 1. This means that your tax bill, generally due in December, reflects the assessment of your property on the previous April 1. For example, if you built a garage on May 15 of this year, you would not be assessed taxes on that garage until next year, since the garage did not exist on April 1.

It is the responsibility of the selectmen or the assessor to annually determine the local assessed value of the property within your municipality as of April 1 each year. This assessment is best determined by a periodic revaluation of all property within your town or city.

During a revaluation, properties are valued based upon either the sale prices of other comparable properties or by other means. The intent of a revaluation is to assess property at its "full and true" value, often referred to as "market value." But more importantly, the purpose of a revaluation is to insure that property within your municipality is assessed proportionally so that each property owner bears their share of the property tax burden based upon the "value" of their property.

A complete annual revaluation can be costly and time consuming. Consequently, a complete revaluation may not be conducted every year. A revaluation establishes base year property values and must be updated at least once every five years. In the years following a revaluation, the assessors value pick-ups: the new construction, the subdivisions, and other changes to the property as of April 1. Depending on the amount of change reflected in current sales, assessors may also conduct partial revaluations or statistical updates to maintain proportionality among all property values on an annual basis. Unless all properties are updated to current market value; pick-ups are valued not at current year values but valued at the most recent revaluation year values. That way, if a revaluation had been done in 2020, a 3-bedroom cape style home built in 2021 will be assessed comparably to a 3-bedroom cape style home built in 2020. This assumes all other factors affecting the value of the home are the same, such as the neighborhood, the amount of land, the quality of construction, the number of bathrooms, etc. Attributes of a property, including views, waterfrontage or junkyard that effect value, must also be considered.

## STEP III: THE TAX RATE

The appropriations voted by the town or city, the school district, village district (if any) and the county, less revenue from all other sources, equals the amount of money needed to be raised by taxes. The money needed to be raised by taxes is then divided by the total local assessed property value to arrive at the property tax rates.

For example, if an annual town meeting appropriated $\$ 1,000,000$ to fund town appropriations and anticipates receiving $\$ 300,000$ from motor vehicle registrations, other fees, gifts and grants to the town, then the balance of money needed to be raised by taxes would be $\$ 700,000$. This amount divided by a local assessed property value of $\$ 25,000,000$, for example, would equal a tax rate of $\$ 28.00$. Property tax rates are normally expressed per $\$ 1,000$ of valuation. The equation for determining the local property tax rate is as follows:

## VOTED APPROPRIATIONS minus ALL OTHER REVENUE $\times 1,000=$ PROPERTY TAX RATE LOCAL ASSESSED PROPERTY VALUE

By law, your property tax bill must show the assessed value of your property, along with the tax rate for each component of the tax: the town/city, village districts (if any), county, local education and state education tax rates.

## STEP IV: EXEMPTIONS AND TAX CREDITS

An exemption is a reduction in the local assessed value of property, while a credit is a reduction of the amount of tax due.

Every municipality offers some form of an exemption for elderly property owners meeting certain qualifications, and a tax credit for veterans. In addition, municipalities may adopt,
modify or rescind, the following exemptions: blind, disabled, deaf, wood-heating energy system, wind-powered energy system, solar energy system exemptions and electric energy storage systems. Property tax credits are available to qualifying veterans or their surviving spouses.

Application for an exemption or a tax credit (See PA-29 Permanent Application for Property Tax Credits/Exemptions) must be made to the municipality by April 15th prior to that year's tax bill. A tax deferral may be granted for elderly or disabled taxpayers meeting certain criteria on an application submitted to the municipality by March $1^{\text {st }}$ prior to that year's tax bill.

Education property tax relief, also known as low and moderate income homeowner's property tax relief, is available to homeowners who:

- Own a homestead or an interest in a homestead subject to the education property tax;
- Have resided in the homestead on April 1 of the year for which the claim is made; and
- Had a total "household income" of:

1. $\$ 20,000$ or less if a single person;
2. $\$ 40,000$ or less if married or head of a New Hampshire household.

Form DP-8, for the low and moderate income homeowner's property tax relief program, is available by May $1^{\text {st }}$ on the Department of Revenue Administration's website at https://www.revenue.nh.gov/forms/low-moderate.htm. Pursuant to RSA 198:57, VI, education property tax relief claims must be filed with the Department of Revenue Administration between May 1st and June 30th following the due date of the final tax bill as defined in RSA 76:1-a for state education property taxes. Form DP-8 is a fillable PDF form which can be opened, completed, and saved.

Chapter 95, Laws of 2021 amends RSA 198:57 to increase the income limitations for the receipt of a low and moderate income property tax relief award as well as the maximum amount of tax relief available to an awardee. The maximum household income that may qualify for an award is increased to $\$ 37,000$ for single applicants, and to $\$ 47,000$ for married applicants or applicants that file as heads of household. For purposes of calculating the maximum award available, the maximum homestead value is increased to $\$ 220,000$. For purposes of calculating the total award each recipient receives, the income brackets for single applicants and married or head of household applicants are incrementally increased for each income bracket. These changes are applicable to statewide education property taxes assessed on or after April 1, 2021.

The Department of Revenue Administration rules for the low and moderate income homeowner's property tax relief are located at Rev 1200.

## STEP V: THE EQUALIZATION PROCESS

All towns and cities do not conduct revaluations in the same year. Some may be assessing property close to full value (because they just conducted a revaluation) while other towns and cities are assessing property at more or less than full value (because their revaluation is not current). This inconsistency makes it difficult to compare towns and cities to one another since the local assessed valuations are based upon different revaluation years.

The annual equalization survey conducted by the Department of Revenue Administration addresses this inconsistency by adjusting each municipality's total local assessed property value to full value.

The sole purpose for equalizing local assessed property values is to ensure that public taxes and state revenues shared by towns and cities will be reasonably apportioned. This includes state education tax, county tax, some cooperative school district taxes and some village districts taxes. The equalization process involves a detailed study of property sales throughout the state and compares those sales with the local property assessments. A by-product of the equalization process is the determination of assessment to sales ratios and other measures of assessment equity and proportionality.

Generally, the ratio shows the average level at which the town or city assessed property in the previous year in comparison to full value. Ratios for each municipality are issued by the department generally by April as a result of the Equalization Process. For more information, contact the Department at (603) 230-5950 or visit our web site at http://revenue.nh.gov/

For example, a ratio of $90 \%$ would indicate that the town generally assessed property at approximately $90 \%$ of full value. The ratio does not necessarily apply to any specific property assessment, but rather indicates the average level of assessment throughout the town or city.

Over a period of several years, as the value of property increases or decreases due to market fluctuations, the ratio (the comparison of the local assessed value to full value) also fluctuates. A ratio of $100 \%$ indicates that, on the average, the municipality is assessing at full value. A ratio below $100 \%$ indicates average assessments are below full value, and a ratio above $100 \%$ indicates average assessments are above full value.

Neither a high nor a low ratio, in itself, should be cause for alarm. Whether a town or city is assessing at $110 \%$ or $90 \%$ of full value is really not significant. What's important is that the assessments are proportional, so that each property owner bears their share of the property tax burden based upon the value of their property.

## STEP VI: ASSESSMENT REVIEW

As a result of the Supreme Court's decision in Sirrell v. State of New Hampshire, RSA 75:8-a was adopted which requires all towns and cities in New Hampshire to reappraise all real estate within the municipality so that the assessments are at the full and true value at least as often as every fifth year. The Department of Revenue Administration is mandated by RSA 21:J:11-a \& b to review and report the degree to which assessments of municipalities achieve compliance with applicable statutes and rules. The fourth 5-year Assessment Review cycle began in 2018. All municipalities will have undergone Assessment Review by the end of 2022. The Assessing Standards Board (ASB) has adopted recommended standards to be met by towns and cities for their assessment review. The Department's staff conducts field reviews of the records and assessing practices of all towns and cities in accordance with the ASB recommended standards and reports their findings to the municipalities and to the ASB. This report becomes a public document upon its issuance.

## STEP VII: PROPERTY ASSESSMENT APPEAL PROCESS

There is a two-level appeal process available to any property owner who believes the assessment of their property is in error. The first level of appeal to request an abatement of property taxes must be made to the local assessing officials. The request for abatement must be made in writing by March 1st after the date the tax bills were mailed. If the local assessing officials neglect or refuse to satisfactorily abate the tax, the second level of appeal is either to the Board of Tax and Land Appeals or to the Superior Court in the county where the property is located.

An opinion that property taxes are "too high" is not adequate grounds to justify an abatement. The "amount of tax" is usually not appealable since the amount of money needed to fund local government operations is determined by the local legislative bodies through the budget process. Generally, there must be an error in the assessment of your property, or evidence of a disproportionate assessment, to qualify for an abatement.

## CONCLUSION

Property taxation in New Hampshire is a process involving all levels of government, from the voters at town and school district meeting, city councilors, and local assessing officials, to state legislators and court officials. It is an annual process beginning with the preparation of the budget and voting of appropriations, continuing with the assessment of property and the setting of the tax rates, and concluding with the appeal process. Residents and non-residents, homeowners and landlords, commercial and industrial businesses, all bear the responsibility for paying their proportional share of property taxes.

# 2021 Equalization Survey 

"Including Utilities and Railroads"

May 1, 2022
This report presents the results of the 2021 Equalization Survey "including utilities and railroads" conducted by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3, XIII (Revised 4/1/99), which states:
"XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66 and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities and unincorporated places such sums as will bring such valuations to the true and market value of the property, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a."

To accomplish this assessment, ratio studies were conducted to determine how the average level of assessment for all cities and towns compared with the statutory ratio of $100 \%$, so that taxes can be apportioned equitably.

The Department of Revenue Administration (DRA) has completed its process of calculating the total equalized valuation of all the municipalities and unincorporated places throughout the state. The ratios reported for each municipality in this survey were derived by comparing the sale prices of sales of land, land and buildings and manufactured housing, covering the period of October 1, 2020, to September 30, 2021, against the actual assessments applied by the municipalities. Sales information was verified by the grantee whenever possible by means of Form PA-34, Inventory of Property Transfer. Our goal is to use only arms-length sales transferred for market value in this analysis. Every effort has been made to exclude non-arms-length transactions including but not limited to: sales involving courts and government agencies, sales between relatives or corporate affiliates, sales settling an estate, forced sales, etc.

Every municipality was notified of its 2021 sales assessment ratio. These ratios were used in conjunction with other DRA adjustments to determine each municipality's total equalized value for purposes of RSA 21-J:3, XIII.

The following is an explanation of the information contained in this report.

MODIFIED ASSESSED VALUATION: The modified assessed valuation for each municipality as reported to the Department of Revenue Administration on the municipality's 2021 MS-1, Summary Inventory of Valuation.

GROSS LOCAL ASSESSED VALUATION is the sum of all assessed values in the municipality minus:

- RSA 72:36-a, Certain Disabled Veterans'
- RSA 72:38-b, V, Improvements to Assist Persons who are Deaf
- RSA 72:37-a, Improvements to Assist Persons with Disabilities Exemption
- RSA 72:23, IV, School Dining/Dormitory/Kitchen Exemption (\$150,000 max per exemption)
- RSA 72:12-a, Water \& Air Pollution Control Exemption:
= MODIFIED ASSESSED VALUATION minus:
- RSA 72:37, Blind Exemption
- RSA 72:37-b, Disabled Exemption
- RSA 72:38-b, Deaf Exemption
- RSA 72:39-a \& b, Elderly Exemption
- RSA 72:62, Solar Energy System Exemption
- RSA 72:66, Wind Powered Energy System Exemption
- RSA 72:70, Wood-Heating Energy System Exemption
- RSA 72:23, IV, Additional School Dining/Dormitory/Kitchen Exemption (Exemption amount > \$150,000)
- RSA 72:85, Exemption for Electric Energy Storage Systems
- RSA 72:87, Renewable Generation Facilities \& Electric Energy Systems
$=\underline{\text { NET LOCAL ASSESSED VALUATION }}$ is used to compute the municipal, county and local school tax rates.

TAX INCREMENT FINANCE DISTRICTS (TIFS): RSA 162-K:10, III. - The retained captured assessed value is added to the modified assessed value and will be equalized for all TIF districts created after $4 / 29 / 99$. The original assessed value plus any unretained value is used to set a municipality's tax rates.

DRA INVENTORY ADJUSTMENT is the sum of the adjustments of the modified local assessed valuation and is divided into three categories.

Category 1: The total modified local assessed value of land (excluding land in current use, conservation restriction assessment, discretionary easements and utilities), buildings and manufactured housing is equalized by the 2021 equalization ratio. This category includes discretionary preservation easements, taxation of farm structures and land under farm structures. The difference between the modified local assessed valuation of land, buildings and manufactured housing and the equalized value equals the DRA adjustment for land, buildings, and manufactured housing.

Category 2: An adjustment for land assessed at current use, conservation restriction assessment, and discretionary easement values are applied. This adjustment is calculated by dividing the total net local assessed valuation for land in these two categories by the 2020 equalization ratio to obtain the equalized value of current use, conservation restriction assessments, and discretionary easements. If a municipality has had a full revaluation, cyclical revaluation or full statistical revaluation as defined by Rev 601.24, 601.16 and 601.25 , a ratio of 100.0 is used.

The difference between the local assessed value of the land and the equalized value equals the DRA adjustment for current use, conservation restriction assessments, and discretionary easements.

Category 3: The total modified local assessed value of public utilities, as defined by RSA 83-F, is equalized by the 2021 ratio. The difference between the modified local assessed value of utilities and the equalized value of utilities equals the DRA adjustment for utilities. The value of public utilities is not added into the "Total Equalized Value Not Including Utility Value or Equalized Railroad Taxes."

DRA INVENTORY ADJUSTMENT: The sum of the adjustments for the above three categories.
EQUALIZED ASSESSED VALUATION: The equalized assessed valuation represents the equalized value of all "taxable" properties in a municipality and is the sum of the "modified local assessed valuation" plus the DRA inventory adjustment.

PAYMENT IN LIEU OF TAXES: The equalized value for payments received in lieu of taxes includes State \& Federal Forest Land Reimbursements, Recreation Land Reimbursements, Flood Land Reimbursements, renewable energy facilities (if applicable) and others.

RAILROAD TAX: The equalized value for monies received from the railroad tax. This figure is not included in the "Total Equalized Valuation Not Including Utility Values and Equalized Railroad Taxes."

TOTAL EQUALIZED VALUATIONS INCLUDING UTILITY VALUE AND EQUALIZED RAILROAD TAXES:
This figure represents the sum of the equalized assessed valuation, the equalized value of payments in lieu of taxes and the equalized value of the railroad tax monies.

The Total Equalized Valuation including the value of utilities and equalized value of railroad monies reimbursed to municipalities represents the equalized value of all property in a municipality including utilities and will be used to:

- Apportion county taxes for the 2022 tax year.
- Calculate state reimbursements, and;
- Apportion cooperative school taxes for the 2023 tax year.

LOCAL TAX RATE: The local tax rate, also known as the actual tax rate, is calculated by the Department of Revenue Administration, Municipal Services Division. The tax rate includes the municipal, county, local school and state education property tax rates.

EQUALIZATION RATIO: The 2021 equalization ratio as determined by a ratio study conducted by the Department of Revenue Administration's Equalization staff.

FULL VALUE TAX RATE: The 2021 gross local property taxes to be raised as reported by the Department of Revenue Administration, Municipal \& Property Division, divided by the total equalized valuation including utility values and equalized railroad taxes. This figure represents the estimated tax rate for a municipality if all the taxable property was assessed at $100 \%$ and includes the equalized value of properties for which a payment in lieu of property taxes is made.
\% PROPORTION TO COUNTY TAX: The percentage of proportion to $\$ 1,000$ of tax that is to be allocated to each town within the county comparing each municipality's total equalized value to the total equalized value of the county.
\% PROPORTION TO STATE TAX: The percentage of proportion to $\$ 1,000$ of tax that is to be allocated to each town within the state by comparing the town's total equalized value to the total equalized value of the state.

```
APPEAL OF TOTAL EQUALIZED VALUATION
Municipalities were sent their 2021 Notification of Total Equalized Valuations on April 15, 2022.
Per RSA 71-B:5, II, any municipality aggrieved by the total equalized valuation as determined by the DRA must appeal to the Board of Tax and Land Appeals in writing within \(\mathbf{3 0}\) days of the town's notification of the municipality's total equalized valuation.
The appeal period is not extended due to any communication, either verbal or written, between the DRA and a municipality regarding the total equalized valuation.
```

# 2021 Equalization Survey 

"Not Including Utilities and Railroads"

May 1, 2022
This report presents the results of the 2021 Equalization Survey "not including utilities and railroads." It was conducted by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3, XIII (Revised 4/1/99), which states:
> "XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66 and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities and unincorporated places such sums as will bring such valuations to the true and market value of the property, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a."

To accomplish the foregoing, assessment ratio studies were conducted to determine how the average level of assessment for all cities and towns compares with the statutory 100\% ratio so that taxes can be apportioned equitably.

The Department of Revenue Administration has completed its process of calculating the total equalized valuation of all the municipalities and unincorporated places throughout the state. The ratios reported for each municipality in this survey were derived by comparing the sale prices of sales of land, land and buildings and manufactured housing, covering the period of October 1, 2020, to September 30, 2021, against the actual assessments levied by the municipalities. Sales information was verified by the grantee whenever possible by means of Form PA-34, Inventory of Property Transfer. Our goal is to use only arm's-length sales that transferred for market value in this analysis. Every effort has been made to exclude non-arm's length transactions including but not limited to: sales involving courts and government agencies, sales between relatives or corporate affiliates, sales settling an estate, forced sales, etc.

Every municipality was notified of its 2021 sales assessment ratio. These ratios were used in conjunction with other Department of Revenue adjustments to determine each municipality's total equalized value for purposes of RSA 21-J:3, XIII.

The following is an explanation of the information contained in this report.

MODIFIED ASSESSED VALUATION: The modified assessed valuation for each municipality as reported to the Department of Revenue Administration on the municipality's 2021 MS-1, Summary Inventory of Valuation, "not including utility values taxed pursuant to RSA 83-F."

GROSS LOCAL ASSESSED VALUATION is the sum of all assessed values in the municipality minus:

- RSA 72:36-a, Certain Disabled Veteran's
- RSA 72:38-b, V, Improvements to Assist Persons who are Deaf
- RSA 72:37-a, Improvements to Assist Persons with Disabilities Exemption
- RSA 72:23, IV, School Dining/Dormitory/Kitchen Exemption:
(\$150,000 max per exemption)
- RSA 72:12-a, Water \& Air Pollution Control Exemption:
= MODIFIED ASSESSED VALUATION is used to calculate the total equalized valuation minus:
- RSA 72:37, Blind Exemption
- RSA 72:37-b, Disabled Exemption
- RSA 72:38-b, Deaf Exemption
- RSA 72:39-a \& b, Elderly Exemption
- RSA 72:62, Solar Energy System Exemption
- RSA 72:66, Wind Powered Energy System Exemption
- RSA 72:70, Wood-Heating Energy System Exemption
- RSA 72:23, IV, Additional School Dining/Dormitory/Kitchen Exemption (Exemption amount > \$150,000)
- RSA 72:85, Exemption for Electric Energy Storage Systems
- RSA 72:87, Renewable Generation Facilities \& Electric Energy Systems
$=\underline{\text { NET LOCAL ASSESSED VALUATION Not Including Utility Valuation }}$

The State Education property tax rate is computed using the Net Local Assessed Valuation Not Including Utility Valuation.

TAX INCREMENT FINANCE DISTRICTS (TIFS): RSA 162-K:10, III - The retained captured assessed value is added to the modified assessed value and will be equalized for all TIF districts created after 4/29/99. The original assessed value and any unretained value is used to set a municipality's tax rates.

DRA INVENTORY ADJUSTMENT is the sum of the adjustments of the modified local assessed valuation is divided into two categories.

Category 1: The total modified local assessed value of land (excluding land in current use, conservation restriction assessment, discretionary easements, and utilities) buildings and manufactured housing is equalized by the 2021 equalization ratio. This category includes discretionary preservation
easements, taxation of farm structures, and land under farm structures. The difference between the modified local assessed valuation of land, buildings and manufactured housing and the equalized value equals the DRA adjustment for land, buildings, and manufactured housing.

Category 2: An adjustment for land assessed at current use, conservation restriction assessment, and discretionary easement values are made. This adjustment is calculated by dividing the total net local assessed valuation for land in these two categories by the 2020 equalization ratio to obtain the equalized value of current use, conservation restriction assessments and discretionary easements. If a municipality has had a full revaluation, cyclical revaluation or full statistical revaluation as defined by Rev 601.24, Rev 601.16, and Rev 601.25, a ratio of 100.0 is used.

The difference between the local assessed value of the land and the equalized value equals the DRA adjustment for current use, conservation restriction assessments, and discretionary easements.

EQUALIZED ASSESSED VALUATION: The equalized assessed valuation represents the sum of the "modified local assessed valuation" plus the DRA inventory adjustment. The equalized assessed valuation represents the equalized value of all "taxable" properties in a municipality.

PAYMENT IN LIEU OF TAXES: The equalized value for payments received in lieu of taxes includes State \& Federal Forest Land Reimbursements, Recreation Land Reimbursements, Flood Land Reimbursements, renewable energy facilities (if applicable) and others.

TOTAL EQUALIZED VALUATIONS NOT INCLUDING UTILITY VALUE AND EQUALIZED RAILROAD TAXES: This figure represents the sum of the equalized assessed valuation and the equalized value of payments in lieu of taxes.

The 2021 "total equalized valuation not including utility and equalized value of railroad monies reimbursed to municipalities" will be used to apportion the State Education property tax for the tax year 2023. The 2020 total equalized valuation not including utilities and the value of railroad monies reimbursed to municipalities will be used to apportion the state education property tax for the tax year 2022.

EQUALIZATION RATIO: The 2021 equalization ratio as determined by a ratio study conducted by the Department of Revenue Administration's equalization staff.
\% PROPORTION TO STATE TAX: The percentage of proportion to $\$ 1,000$ of tax that is to be allocated to each town within the state by comparing the town's total equalized value to the total equalized value of the state.

Municipalities were sent their 2020 Notification of Total Equalized Valuations on April 15, 2022.

Per RSA 71-B:5, II, any municipality aggrieved by the total equalized valuation as determined by the DRA must appeal to the Board of Tax and Land Appeals in writing within $\mathbf{3 0}$ days of the town's notification of the municipality's total equalized valuation.

The appeal period is not extended due to any communication, either verbal or written, between the DRA and a municipality regarding the total equalized valuation.

## Base Valuation for Debt Limits

RSA 33:4-b Debt Limit; Computation. The debt limitations hereinbefore prescribed, except for counties, shall be based upon the applicable last locally assessed valuation of the municipality as last equalized by the commissioner of revenue administration under RSA 21-J:3, XIII and shall include the equalized value of property formerly taxed pursuant to the provisions of RSA 72:7; 72:15, I, V, VII, VIII, IX, X and XI; 72:16; 72:17; 73:26; 73:27 and 73:11 through 16 inclusive, all as amended, which was relieved from taxation by 1970, 5:3, 5:8, and 57:12, as determined under the provisions of RSA 71:11 as amended. Whenever several municipalities possessing the power to incur indebtedness cover or extend over identical territory, each such municipality shall so exercise the power to incur indebtedness of such municipalities shall not exceed 9.75 percent of the valuation of the taxable property as hereinbefore determined, except as provided for cooperative school districts under RSA 195:6. A written certificate signed by the commissioner of the department of revenue administration shall be conclusive evidence of the base valuation of municipalities for computing debt limits hereunder.

## 2021 <br> Comparison of Full Value Tax Rates

The full value tax rate represents the estimated tax rate for a municipality if all the taxable property was assessed at $100 \%$ and includes the equalized value of properties for which a payment in lieu of property taxes is made.

The full value tax rate is calculated as follows: The 2021 gross local property taxes to be raised as reported by the Department of Revenue Administration, Municipal \& Property Division, divided by the total equalized valuation including utility values and equalized railroad taxes.

The full value rates are ranked in ascending order from lowest to highest (1-227 for 2021). If two municipalities have the same full value tax rate they are ranked with the same number. The unincorporated towns (signified by N/A in the Rank column) have no 2021 tax rate, and thus are not ranked.

The full value tax rate can only be used to make a limited comparison of what a property in one municipality would pay for taxes to a property of equal value in another municipality.

| For example: | Town $A$ | $\frac{100,000 \times 21.95}{1000=}$ | $\$ 2,195.00$ |
| :--- | :--- | :---: | :---: |
|  | Town B | $\frac{100,000 \times 26.56}{1000=}$ | $\$ 2,656.00$ |
|  |  |  |  |
| Due to diverse real estate values in New Hampshire, <br> properties of equal value do not equate to properties of equal <br> size or quality. |  |  |  |

Prior to making any assumptions or decisions regarding a property owner's tax burden in a municipality, other factors should be considered such as real estate values, municipal services, schools, community make-up, and locational factors including proximity to urban areas, medical facilities, highways, recreation areas, etc.
