Note ¹: Although the DRA was successful in many areas of its Balanced Scorecard for fiscal year ending 6/30/2020 a few goals were significantly impacted by the novel corona virus during the last quarter. Most notably is the average call handle time under the Customer Satisfaction perspective due to the additional call volume increase for the Main Street and SELF Fund Grants administered by DRA. In addition, the need to minimize in-person constituent interactions affected the DRA's ability to complete field audit and compliance visits during this same quarter. As expected there were also effects during FYE 6/30/2021 as DRA continued their efforts to meet goals set while more than half of the employees remained in a remote work environment for most of the fiscal year.
