**COLLECTION OF TOBACCO TAX INCREASE AT RETAIL AND WHOLESALE LEVEL**

The Department is preparing to implement an increase in the tobacco tax. To assist tobacco product licensees, this information release explains the Department's plans to make the process administratively easier for everyone responsible for collecting the additional tax.

The legislature has increased the tobacco tax rate on cigarettes effective July 1, 2007. See HB 2-FN-A, sections 6, 7 and 176, XVI. The tax rate for each pack containing 20 cigarettes is increased from 80¢ to \$1.08 per pack – a 28¢ increase. The rate for each pack containing 25 cigarettes is increased from \$1.00 to \$1.35 – a 35¢ increase.

All tobacco licensees, manufacturers, wholesalers, retailers, sub-jobbers, samplers and vending machine operators will be responsible for inventorying all unaffixed tobacco stamps and all stamped tobacco products in their possession at the close of business on June 30, 2007. The tax is not increased for cigars, pipe tobacco, smokeless and loose tobacco.

“Possession,” for determining who is responsible for accounting for and remitting the increased tax, shall be in the party who has title on the effective date of the increase. Therefore, the following will apply to stamped tobacco products in transit on July 1, 2007:

- Product, to which title is to pass upon receipt, shipped from the wholesaler prior to July 1, 2007, but not received by the manufacturer, retailer, sub-jobber, sampler or vending machine operator prior to July 1, 2007 shall be accounted for by the wholesaler.
- Product shipped from the wholesaler on or after July 1, 2007 shall be accounted for by the wholesaler.
- Product received by the manufacturer, retailer, sub-jobber, sampler or vending machine operator, prior to the close of business on June 30, 2007, shall be accounted for by the manufacturer, retailer, sub-jobber, sampler or vending machine operator.
- Wholesalers and retailers may enter into written agreements as to which party is responsible for paying the increased tax. A copy of the agreement shall be filed with the inventory and tax return.

**Example 1** A wholesaler has stamped 100 cartons of cigarettes using the old rate and prepared a shipment, but has not shipped the product as of the morning of July 1, 2007. It is the wholesaler's responsibility to account for the product and remit the increased tax to the Department.

**Example 2** A wholesaler ships 100 cartons of cigarettes on June 30, 2007 to a retailer with title to the product passing upon receipt by the retailer. The retailer receives the product July 1, 2007. The wholesaler is responsible for accounting for the product and remitting the increased tax.

**Example 3** A wholesaler delivers a shipment of 100 cartons of cigarettes on June 30, 2007 to a retailer. The retailer is responsible for accounting for the product and remitting the increased tax.

The Department is distributing to all licensees a special form, Tobacco Floor Tax Inventory and Return, to be used for reporting inventories and tax due. This return is due on or before July 20, 2007. Payment of the tax due may be made with the filing of the return, or remitted separately on or before August 15, 2007.
